GENERAL INFORMATION

Walla Walla College is a Christian institution of higher learning operated by the Seventh-day Adventist Church. It is committed to equal opportunity for all students and extends the rights, privileges, programs and activities generally accorded or made available to all members of the college community. Walla Walla College does not discriminate on the basis of handicap, sex, race, color, national and/or ethnic origin in administration of its admissions, educational, financial, employment and student life programs and policies, or any other college-administered program.

The College is located in the City of College Place in the historic, fertile Walla Walla Valley of southeastern Washington. The old Oregon Trail near the campus leads to the site of the old mission which was directed by Marcus Whitman from 1836 to 1847, and which has been reconstructed by the federal government at the Whitman Mission. The scenic Blue Mountains to the east are but a few minutes' drive from the campus and offer unusual opportunities for recreation and relaxation.

The principal objectives of the College are the fostering of an intelligent understanding and devotion to Christian ideals, loyalty to God and service to humanity, and the offering of an educational experience encouraging the formation of character marked by a full, harmonious development of the intellectual, physical and spiritual powers.

The seventh-day sabbath is observed at Walla Walla College from sunset Friday to sunset Saturday. No instructional activities are conducted during these hours.

ACCREDITATION

The College is accredited by the Northwest Association of Schools and Colleges, the Seventh-day Adventist Board of Regents, the Washington State Board of Education, the Accreditation Board for Engineering and Technology, Inc., the Council on Social Work Education, the National Association of Schools of Music and the Department of Baccalaureate and Higher Degree Programs of the National League for Nursing and is a member of the American Association of Collegiate Registrars and Admissions Officers, the American Society for Engineering Education, the Council of Member Agencies, Department of Baccalaureate and Higher Degree Programs of the Na-

DEGREES OFFERED
The College offers courses of study leading to the Master of Arts (M.A.), Master of Education (M.Ed.) and Master of Science (M.S.) degrees. The M.A. and M.S. degrees are thesis programs and the M.Ed. is a nonthesis program.

ADMINISTRATION
The master's degree programs are directed and supervised by the Graduate Council, which is the legislative body responsible for the formulation of all graduate academic policies and curricula.

GRADING SYSTEM
The following system of grades and grade-point values is used in graduate studies:
A = 4 grade points per quarter hour
B = 3
C = 2
D = 1
F = 0

Other symbols are:
I — Incomplete
P — In Progress
W — Withdrawal
A — Audit

The I (incomplete) is only given for special circumstances and must be made up the following quarter. Permission for an incomplete is granted by the instructor. Students with incompletes should schedule those hours into their course loads for the following quarter. Individuals who leave college prior to removal of the incomplete will have the I show on their transcripts until the work is finished.

The P (in progress) is given by the instructor for independent work such as fieldwork, Research, and Thesis which extend and continue naturally past the regular quarter term. The IP designation is changed by the instructor to a letter grade upon completion of the specific independent experience or research.

The W (withdrewal) is given by the instructor when a student officially drops a course at least four weeks prior to the last class period of a given course.

An A (audit) is assigned for class attendance and participation generally excluding tests and outside of class assignments. Arrangements for an audit may be made with the instructor.

Grades of all courses on the graduate program, excluding deficiencies, will be computed in the grade-point average. However, deficiencies may not be made up by audit or S/N (Satisfactory/No credit) unless the courses have mandatory S/N grading.

GRADUATE FACILITIES
Life Sciences Complex
The Department of Biology facilities in the Life Sciences Complex, completed in 1967, include staff and graduate student offices, classrooms and teaching laboratories, controlled environment rooms and chambers, radionuclide laboratory, animal and greenhouse complexes, photographic darkroom, museum and a shop.

Marine Station
Additional Department of Biology facilities occupy 40 acres of beach and timberland at Rosario Beach adjoining Deception Pass State Park, Anacortes, Washington. The physical plant includes two laboratory buildings, a cafeteria, an assembly hall, shops and 29 cabins for student and staff housing.

Smith Hall
The Department of Education is housed in a modern, air-conditioned, three-story building. Facilities include offices for staff and graduate assistants, laboratories for testing and psychology, observation rooms and a curriculum library.

Peterson Memorial Library
The library is a vital part of the educational program at Walla Walla College. The building was completed in 1944 and remodeled in 1964. Reading room accommodations, an open-shelf system, seminar and conference rooms, a periodical room and a listening/viewing facility, contribute to the study and enjoyment of learning materials. Microreaders make accessible microforms of scholarly material. The curriculum library, located in Smith Hall, contains a large selection of textbooks, children's literature books, a collection of mounted pictures, filmstrips, tapes and phonorecords. The library on the Portland campus serves specifically the students of nursing assigned there to obtain their clinical practice. The combined libraries contain approximately 150,000 volumes. An average of 4,000 volumes is accessioned annually. There are about 925 currently received periodicals. Periodical indexes and other bibliographical aids are also available. Resources in other libraries are available to graduate students and faculty members through the library’s membership in the Pacific Northwest Bibliographic Center, which serves as a clearinghouse for interlibrary loans.

FINANCIAL INFORMATION
Board Action
Actions voted by the College Board, Faculty, or Finance Committee at any time shall have equal force or, if necessary, supersede statements published in this bulletin.

Payments Required to Register
An advance payment of $1,400 plus any balance due from a previous quarter shall be paid at the time of registration. Part-time students shall pay the full tuition charge in advance if less than $1,400.
tional League for Nursing, the American Association of Colleges for Teacher Education, the National Association of Independent Colleges and Universities, the National Association of Summer Sessions, and the American Council on Education National Commission on Accreditation.

### Refunds

A student withdrawing from classes during the quarter will receive the following tuition refunds (general fee not refundable):

- **Tuition:**
  - 10% through the fourth day of classes after regularly scheduled registration
  - 75% second week
  - 50% third and fourth weeks
  - No tuition is refunded after the fourth week

- **Students dropping all classes during this period will be charged a processing fee of $50 or 5% of tuition, whichever is less.**

### Room Rear

- 10% during first two weeks of quarter
- 50% between third through fifth weeks
- 60% between sixth through eighth weeks

The beginning of the quarter will be considered to be the first day of class instruction.

When a student withdraws during a quarter, no refund will be made until 30 days after the close of the month in which he withdrew. STUDENTS WHO LEAVE SCHOOL WITHOUT COMPLETING WITHDRAWAL PROCEDURES WILL BE CHARGED UNTIL PROPER ARRANGEMENTS ARE MADE.

### Past Due Accounts

A finance charge computed at a periodic rate of one percent per month is assessed against a past due account. This is an annual percentage rate of 12 percent.

### Statements

Statements will be issued each month giving an account for the previous month. Tuition and room rent for the quarter will be charged in advance at the beginning of each quarter. Actual food service charges are billed at the close of each month. Village students may obtain their statements from the cashier in the accounting office.

It is expected that statements will be paid within ten days from time of mailing. The College operates on a cash basis and is dependent upon prompt payment of accounts.

### Remittances

Checks, drafts and money orders should be made payable to Walla Walla College and should be sent to Walla Walla College Accounting Office, College Place, Washington 99324.

### Insurance—Medical, Accident and Hospitalization

Student medical, accident and hospital insurance may be purchased at registration by students enrolling for six or more quarter hours. Students not wanting coverage are required to sign a waiver declining participation. Dependency coverage is available for married students. The premium is charged on the student’s first statement of account after his initial enrollment. No changes or refunds are allowed once the information has been sent to the insurance company (two weeks after the first day of classes). Information concerning cost, coverage and claim procedures will be supplied each student at registration. Inquiries should be directed to the Student Health Center.

### Student Health Center

The clinical facilities and 12 beds of the health center are available for students requiring treatment or minor hospitalization. Prescriptions and other medications are available at special prices. A reasonable charge is made for hospitalization in excess of three days per quarter. The three days allowed per quarter are not cumulative. In case of serious illness or surgery, the Walla Walla General Hospital provides complete service to students. Financial arrangements must be made directly with the hospital.

### Release of Transcripts or Degrees

By action of the board of trustees of the College, a degree or transcript of credit, official or unofficial, may not be released until the student’s account is paid in full.

To expedite the release of transcripts, diplomas and other legal documents, the student should send a money order or certified check to cover the balance of his account when requesting transcripts, et cetera. Requests for transcripts must be in writing.

### Loans, Assistantships

The following loan funds are recommended and applications may be obtained from the Student Finance Office.

### The Guaranteed Student Loan Program (GSLP)

This allows a student to borrow directly from commercial lenders and credit unions. These loans are available to students who are citizens or nationals of the United States, or those in the country for other than a temporary purpose. These loans which have a minimum interest rate of 9% do have to be repaid within 6 months after students status has terminated. For graduate students, the annual loan limit is $5,000; the aggregate limit is $20,000, including undergraduate loans.

Release of Transcripts or Degrees
By action of the board of trustees of the College, a degree transcript of credit, official or unofficial, may not be released until the student’s account is paid in full.

To expedite the release of transcripts, diplomas and other legal documents, the student should send a money order or certified check to cover the balance of his account when requesting transcripts, et cetera. Requests for transcripts must be in writing.

Loans, Assistantships
The following loan funds are recommended and applications may be obtained from the Student Finance Office.

Guaranteed Student Loan Program (GSLP). This allows a student to borrow directly from commercial lenders and credit unions. These loans are available to students who are citizens or nationals of the United States, or those in the country for other than a temporary purpose. These loans which have a maximum interest rate of 9% do not have to be repaid until 6 months after students status has terminated. For graduate students, the annual loan limit is $5,000; the aggregate limit is $25,000, including undergraduate loans.
National Direct Student Loan. The National Direct Student Loan is made available through the United States Department of Education and Walla Walla College. To qualify, the students must have financial need as evidenced by submission of a WWC application for financial aid and Financial Aid Form (FAP). Priority in awarding this aid is given to students with the greatest financial needs. Repayments begin after the applicant’s student status terminates. Applications and FAP are available through the college Financial Aid office.

Graduate Assistantships:
A limited number of graduate assistantships are available to provide students with an opportunity for professional experiences in their chosen fields of specialization or in activities that may be valuable in preparing them more fully for their future occupational roles.

Assistantships are open to both men and women with evidence of sufficient maturity and potential to benefit from the program. Applications will be considered from prospective graduate students, postgraduates and those already admitted as regular graduate students. The stipends are awarded for periods up to 12 months, plus full remission of tuition and fees for approved courses during the period of the assistantship.

Duties of an assistant may include participation in research, instructional and guidance services, and professional activities. Application forms for graduate assistantships may be obtained by writing directly to the chairman of the Department of Education and Psychology. Applications for biology assistantships must be submitted before April 15, while the deadline for applications for education and psychology assistantships is February 1.

GRADUATE PROGRAM

Master’s degree programs are offered in the Department of Biology and in the Department of Education and Psychology. Graduate study is planned in reference to the student’s experience, future objectives, personal qualifications and previous academic preparation. The importance of careful planning and close cooperation between the student and his assigned adviser is emphasized.

OBJECTIVES OF THE GRADUATE PROGRAM

The program provides an atmosphere which stimulates intellectual curiosity and independent thinking. It strives to develop an appreciation of the value of research and an acquaintance with basic research techniques. It endeavors to strengthen the professional competence of the individual in an area of specialization.

ADMISSION TO GRADUATE STUDY

Applicants for admission to graduate study shall have been graduated from a recognized four-year college or university and should have completed a basic background of undergraduate work in the proposed field of graduate study. Applicants without such a background should expect to make up deficiencies.

The applicant must file completed graduate application forms and two official transcripts of all work taken on the collegiate level with the Associate Director of Records of the College at least three months prior to the quarter in which graduate study is to commence. Failure to do so may result in delay in admission and registration. All forms and transcripts submitted for admission
National Direct Student Loan. The National Direct Student Loan is made available through the United States Department of Education and Walla Walla College. To qualify, the students must have financial need as evidenced by submission of a WCC application for financial aid and Financial Aid Form (FAP). Priority in awarding this aid is given to students with the greatest financial needs. Repayments begin after the applicant's student status terminates. Applications and FAP are available through the college Financial Aid office.

Graduate study is planned in reference to the student's experience, future objectives, personal qualifications and previous academic preparation. The importance of careful planning and close cooperation between the student and his assigned adviser is emphasized.

OBJECTIVES OF THE GRADUATE PROGRAM

The program provides an atmosphere which stimulates intellectual curiosity and independent thinking. It strives to develop an appreciation of the value of research and an acquaintance with basic research techniques. It endeavors to strengthen the professional competence of the individual in an area of specialization.

ADMISSION TO GRADUATE STUDY

Applicants for admission to graduate study shall have been graduated from a recognized four-year college or university and should have completed a basic background of undergraduate work in the proposed field of graduate study. Applicants without such a background should expect to make up deficiencies.

The applicant must file completed graduate application forms and two official transcripts of all work taken on the collegiate level with the Associate Director of Records of the College at least three months prior to the quarter in which graduate study is to commence. Failure to do so may result in delay in admission and registration. All forms and transcripts submitted for admission
become the property of the College and are not returned. Admission forms are available from the Admissions Office.

Eligibility for admission as a graduate student is determined by the Graduate Council of the College upon the recommendations of the Biology or Education and Psychology departments.

Admission Requirements for the Master’s Degree Program
In addition to an acceptable baccalaureate degree, applicants for admission to a graduate degree program must have the following:

1. Satisfactory scores on the Graduate Record Examination (GRE); Advanced and Aptitude tests or alternatively the Undergraduate Assessment Program (UAP); Field and Aptitude tests. The test scores are used in part to determine eligibility for admission to the Graduate School.

Applicants in biology must provide transcripts of test scores for the GRE: Advanced Test in Biology and the Aptitude Test or the UAP: Field Test in Biology and the Aptitude Test.

Applicants in education must provide transcripts of test scores for the GRE: Advanced Test in Education and the Aptitude Test or the UAP: Field Test in Education and the Aptitude Test in Education. Students who intend to pursue a counseling specialization, or whose undergraduate major was psychology, may elect to substitute the Advanced Test in Psychology for the Advanced Test in Education.

2. A minimum cumulative grade-point average of 2.75 on either the last 96 credits toward the baccalaureate degree or on the total undergraduate program, whichever is higher.

An applicant whose undergraduate grade-point average is below 2.75 may be admitted if there is other evidence of ability to pursue the graduate degree. Such evidence may include one or more of the following: performance on the Graduate Record Examination; recommendations, including professional recommendations, postgraduate work at a recognized institution, experience in areas related to the desired graduate specialization, or other criteria established by the departments concerned.

A student who meets the requirements for admission to the master’s degree program but who registers only as a postgraduate has no assurance that credit earned will later apply toward the master’s degree.

Admission Requirements for the Nondegree Program
Graduates of an accredited college or university with a cumulative undergraduate GPA of 3.00 may be admitted as postgraduate students to take courses toward provisional and standard certification, special credentials or additional course work. These credits may not apply to a master’s degree.

Graduate Credit for Seniors
Seniors who wish to take graduate numbered (300) courses must submit for evaluation an approved senior outline and transcript to the Graduate Council. Approval to register for a course is given only after determination of eligibility for admission to the Graduate School. Graduate courses for certification and the library science curriculum may be taken without prior permission.

However, credit taken under any circumstances will not apply to a graduate program without completed graduate application forms and registration approval.

GENERAL DEGREE REQUIREMENTS
Responsibilities of the Student
The graduate student is responsible for a knowledge of all regulations and procedures as published in this bulletin. The student must assume the initiative in such matters as arranging for required tests and examinations, securing approval of his program of study, and following all procedures in their proper sequence. Failure to do so may result in unnecessary delay or interruption of graduate study.

Residence and Time Requirements
A minimum of 45 quarter hours is required, at least 33 of which must be earned while in residence.

Credit older than six calendar years usually is not used to satisfy degree requirements. However, a student may submit a request to Graduate Council for validation of an outlived course if its content is comparable to a current course and if the student is knowledgeable in it. These judgments shall be made by persons with expertise in the respective disciplines.

Course Requirements and Scholarship
The completion of a minimum of 45 quarter hours in approved graduate courses with a cumulative grade-point average of at least 3.00 is required. Grades of all courses on the graduate-program grading scale shall be computed in the grade-point average.

Courses numbered 500 or above are primarily for graduate students. A minimum of 24 quarter hours must be earned in courses numbered 500 or above for the Master of Arts and Master of Science degrees. A minimum of 30 quarter hours is required in courses numbered 400 or above for the Master of Education degree. Courses numbered 400 to 499 are open to both undergraduate and graduate students. Usually, not more than 6 quarter hours of topics (480) or workshop (474) courses will be included in a program. Courses numbered 350-399 may be included in the graduate program on approval of the Graduate Council.

Departmental Requirements
Candidates for a master’s degree must also satisfy additional departmental requirements as listed in this bulletin under the section Departments of Instruction.

Second Master’s Degree
The second master’s degree requires a minimum of 30 additional quarter hours with approval of the Graduate Council.

Course Load
The normal load is 12 hours per quarter. Any course load above this amount must be approved by the Graduate Council.

Changes in Registration
Students withdrawing from college or individual courses must file an official
Admission Requirements for the Master's Degree Program
In addition to an acceptable baccalaureate degree, applicants for admission to a graduate degree program must have the following:

1. Satisfactory scores on the Graduate Record Examination (GRE); Advanced and Aptitude tests or alternatively the Undergraduate Assessment Program (UAP): Field and Aptitude tests. The test scores are used in part to determine eligibility for admission to the Graduate School.

Applicants in biology must provide transcripts of test scores for the GRE: Advanced Test in Biology and the Aptitude Test or the UAP: Field Test in Biology and the Aptitude Test.

Applicants in education must provide transcripts of test scores for the GRE: Advanced Test in Education and the Aptitude Test or the UAP: Field Test in Education and the Aptitude Test. Students who intend to pursue a counseling specialization, or whose undergraduate major was psychology, may elect to substitute the Advanced Test in Psychology for the Advanced Test in Education.

2. A minimum cumulative grade-point average of 2.75 on either the last 96 credits toward the baccalaureate degree or on the total undergraduate program, whichever is higher.

An applicant whose undergraduate grade-point average is below 2.75 may be admitted if there is other evidence of ability to pursue the graduate degree. Such evidence may include one or more of the following: performance on the Graduate Record Examination, strong professional recommendations, postgraduate work at a recognized institution, experience in areas related to the desired graduate specialization, or other criteria established by the departments concerned.

A student who meets the requirements for admission to the master's degree program but who registers only as a postgraduate has no assurance that credits earned will later apply toward the master's degree.

Admission Requirements for the Nondegree Program
Graduates of an accredited college or university with a cumulative undergraduate GPA of 3.00 may be admitted as postgraduate students to take courses toward provisional and standard certification, special credentials or additional course work. These credits may not apply to a master's degree.

Graduate Credit for Seniors
Seniors who wish to take graduate numbered (500) courses must submit for evaluation an approved senior outline and transcript to the Graduate Council. Approval to register for a course is given only after determination of eligibility for admission to the Graduate School. Graduate courses for certification and the liberal science curriculum may be taken without prior permission.

However, credit taken under any circumstances will not apply to a graduate program without completed graduate application forms and registration approval.

GENERAL DEGREE REQUIREMENTS

Responsibilities of the Student
The graduate student is responsible for a knowledge of all regulations and procedures as published in this bulletin. The student must assume the initiative in such matters as arranging for required tests and examinations, securing approval of his program of study, and following all procedures in their proper sequence. Failure to do so may result in unnecessary delay or interruption of graduate study.

Residence and Time Requirements
A minimum of 45 quarter hours is required, at least 33 of which must be earned while in residence.

Credit older than six calendar years usually is not used to satisfy degree requirements. However, a student may submit a request to the Graduate Council for validation of an outdated course if its content is comparable to a current course and if the student is knowledgeable in it. These judgments shall be made by persons with expertise in the respective disciplines.

Course Requirements and Scholarship
The composition of a minimum of 45 quarter hours in approved graduate courses with a cumulative grade-point average of at least 3.00 is required. Grades of all courses on the graduate program excluding deficiencies will be computed in the grade-point average.

Courses numbered 500 or above are primarily for graduate students. A minimum of 24 quarter hours must be earned in courses numbered 500 or above for the Master of Arts and Master of Science degrees. A minimum of 30 quarter hours is required in courses numbered 400 or above for the Master of Education degree. Courses numbered 400 to 499 are open to both undergraduate and graduate students. Usually, not more than 4 quarter hours of topics (480) or workshop (474) courses will be included in a program. Courses numbered 350-399 may be included in the graduate program on approval of the Graduate Council.

Departmental Requirements
Candidates for a master's degree must also satisfy additional departmental requirements as listed in this bulletin under the section Departments of Instruction.

Second Master's Degree
The second master's degree requires a minimum of 30 additional quarter hours with approval of the Graduate Council.

Course Load
The normal load is 12 hours per quarter. Any course load above this amount must be approved by the Graduate Council.

Changes in Registration
Students withdrawing from college or individual courses must file an official
drop voucher with the Records Office. Withdrawal slips must be signed by
the adviser and the instructor involved. The final date for dropping a class is
indicated in the academic calendar. Students doing passing work prior to
withdrawal will receive a W (withdrawal). Students withdrawing from all
classes during the quarter will receive Ws.

Transfer of Graduate Credit
A maximum of 12 quarter hours of graduate work taken at other recognized
institutions may be approved for transfer toward the master’s degree. A GPA
of 3.00 must be maintained on all course work taken in residence. The
transfer credit must be by extension if acceptable toward the master’s degree
at the school offering the extension work. It is the responsibility of the
student to provide such documentation. Correspondence credit or credit by
examination is not accepted.

Bulletin
The student's degree candidacy must be based on the graduate bulletin in
effect at the time the proposed program for graduate study is approved by the
Graduate Council.

PROGRAM OF STUDY
Prior to registering for the first quarter of study, all students admitted for a
master’s degree program must consult with the chairman of their department
for assistance in selecting courses. An adviser and/or advisory committee
will subsequently be appointed to guide the student in planning a program of
study to complete the degree. All course selection and program changes must
be made in conference with the adviser, and with approval of the Graduate
Council.

Toward the end of the quarter in which the student is about to complete his
first 9-15 quarter hours of approved graduate study (exclusive of
deficiencies), application must be made for advancement to degree candid-
acy. Since a minimum of 30 quarter hours should be earned after advance-
ment to candidacy has been granted, any delay in filing this application may
result in a loss of earned credit.

ADVANCEMENT TO DEGREE CANDIDACY
Admission to graduate study merely constitutes permission to register for
course work. It does not imply candidacy.

A student may be advanced to master’s degree candidacy by fulfilling the
following conditions:
1. Arrange for the removal of any undergraduate deficiencies.
2. Complete 9 to 15 quarter hours of approved graduate study with a
   minimum grade-point average of 3.00. If grade points earned on this
   credit do not average 3.00, advancement to candidacy will not be
   approved.
3. Submit the "Application for Degree Candidacy and Proposed Program
   of Courses" form to the department chairman outlining a study program
   including courses completed and those yet to be completed in fulfill-
   ment of the requirements for the master’s degree. This program must be
   considered for approval by the staff of the department concerned upon
   completion of 9 to 15 quarter hours.
4. Secure approval of the proposed program by the Graduate Council.
   Approval of the program and advancement to master’s degree candid-
   acy will be officially acknowledged by a letter from the chairman of the
   Graduate Council.

Advanced to master's degree candidacy indicates that the Graduate
Council and the department concerned encourage the candidate to complete
the master's degree. The degree is granted only after successful completion
of the approved program of studies within the regulations of the College.

Changes in Program
Changes in the proposed program may not be made without the prior approval
of the department chairman, director of admissions and records and chairman of the Graduate Council.

THESIS REQUIREMENT
A thesis demonstrating ability to conduct research in a systematic and schol-
arily manner must be presented by candidates for the Master of Arts and
Master of Science degrees. The thesis is planned with and approved by the
student’s advisory committee. Completion of the thesis must be in accord-
ance with the requirements of each department.

Approved copies of the completed thesis are kept on permanent file in the
college library and in the respective departments.

EXAMINATIONS
Master's degree candidates must pass a written and/or oral examination
administered by an examining committee. The nature of further examination,
if required, is to be determined by the examining committee. A representa-
tive of the Graduate Council, who is not a member of the candidate’s advisory
committee, attends each oral examination.

Examination Regulations
1. It is the candidate’s responsibility to schedule written and/or oral
   examinations with the department chairman.
2. The examinations are coordinated by the chairman of the department
   and/or the candidate’s advisory committee. Success or failure of the
   examinations is determined by the examination committee.
3. Questions in the examination will be based upon the candidate’s areas of
   study and/or thesis.
4. The time allowed for the oral examination is ordinarily not more than
   two hours, while written examinations take considerably longer.
5. Any candidate who fails either written or oral examination may be
   granted only one opportunity by the examination committee to retake
   the respective examination after a lapse of at least one quarter.
6. Final examinations should be completed at least two weeks before
   commencement.
drop voucher with the Records Office. Withdrawal slips must be signed by the adviser and the instructor involved. The final date for dropping a class is indicated in the academic calendar. Students doing passing work prior to withdrawal will receive a W (withdrawal). Students withdrawing from all classes during the quarter will receive Ws.

Transfer of Graduate Credit
A maximum of 12 quarter hours of graduate work taken at other recognized institutions may be approved for transfer toward the master's degree. A GPA of 3.00 must be maintained on all course work taken in residence. The transfer credit may be by extension if acceptable toward the master's degree at the school offering the extension work. It is the responsibility of the student to provide such documentation. Correspondence credit or credit by examination is not accepted.

Bulletin
The student's degree candidacy must be based on the graduate bulletin in effect at the time the proposed program for graduate study is approved by the Graduate Council.

PROGRAM OF STUDY
Prior to registering for the first quarter of study, all students admitted for a master's degree program must consult with the chairman of their department for assistance in selecting courses. An adviser and/or advisory committee will subsequently be appointed to guide the student in planning a program of study to complete the degree. All course selection and program changes must be made in conference with the adviser, and with approval of the Graduate Council.

Toward the end of the quarter in which the student is about to complete his first 9-15 quarter hours of approved graduate study (exclusive of deficiencies), application must be made for advancement to degree candidacy. Since a minimum of 30 quarter hours should be earned after advancement to candidacy has been granted, any delay in filing this application may result in a loss of earned credit.

ADVANCEMENT TO DEGREE CANDIDACY
Admission to graduate study merely constitutes permission to register for course work. It does not imply candidacy.

A student may be advanced to master's degree candidacy by fulfilling the following conditions:

1. Arrange for the removal of any undergraduate deficiencies.
2. Complete 9 to 15 quarter hours of approved graduate study with a minimum grade-point average of 3.00. If grade points earned on this credit do not average 3.00, advancement to candidacy will not be approved.
3. Submit the "Application for Degree Candidacy and Proposed Program of Courses" form to the department chairman outlining a study program including courses completed and those yet to be completed in fulfillment of the requirements for the master's degree. This program must be considered for approval by the staff of the department concerned upon completion of 9 to 15 quarter hours.
4. Secure approval of the proposed program by the Graduate Council. Approval of the program and advancement to master's degree candidacy will be officially acknowledged by a letter from the chairman of the Graduate Council.

Advancement to master's degree candidacy indicates that the Graduate Council and the department concerned encourage the candidate to complete the master's degree. The degree is granted only after successful completion of the approved program of studies within the regulations of the College.

Changes in Program
Changes in the proposed program may not be made without the prior approval of the department chairman, director of admissions and records and chairman of the Graduate Council.

THESIS REQUIREMENT
A thesis demonstrating ability to conduct research in a systematic and scholarly manner must be presented by candidates for the Master of Arts and Master of Science degrees. The thesis is planned with and approved by the student's advisory committee. Completion of the thesis must be in accordance with the requirements of each department.

Approved copies of the completed thesis are kept on permanent file in the college library and in the respective departments.

EXAMINATIONS
Master's degree candidates must pass a written and/or oral examination administered by an examining committee. The nature of further examination, if required, is to be determined by the examining committee. A representative of the Graduate Council, who is not a member of the candidate's advisory committee, attends each oral examination.

Examination Regulations
1. It is the candidate's responsibility to schedule written and/or oral examinations with the department chairman.
2. The examinations are coordinated by the chairman of the department and/or the candidate's advisory committee. Success or failure of the examination is determined by the examining committee.
3. Questions in the examination will be based upon the candidate's areas of study and/or thesis.
4. The time allowed for the oral examination is ordinarily not more than two hours, while written examinations take considerably longer.
5. Any candidate who fails either written or oral examinations may be granted only one opportunity by the examination committee to retake the respective examination after a lapse of at least one quarter.
6. Final examinations should be completed at least two weeks before commencement.
CONFERMENT OF DEGREE

The candidate must file in duplicate the order form for the master's degree and academic regalia with the Office of the Dean of the Graduate School. Con fill the academic calendar for the last day to file the order form prior to the beginning of the final quarter. Students are required to participate in the graduation exercises. In special cases permission to receive the master's degree in absentia may be granted by the president of the College.

DEPARTMENTS OF INSTRUCTION

BIOLOGICAL SCIENCES

The Department of Biology offers a Master of Science degree in biology. Courses are offered in zoology and botany on the main campus and at the Marine Station near Anacortes, Washington. The program of course work and research developed for each graduate student takes into account the future goals, present interests and academic background of the student. In addition to a basic course in biology (zoology and botany), specific background courses, or their equivalents, should include genetics, development, physiology and ecology. An adequate preparation in chemistry (inorganic and organic), physics (general physics) and mathematics (algebra, trigonometry, some calculus) will complete the necessary foundation upon which an individualized graduate program may be built. There is sufficient flexibility to allow a student to propose a program of a more interdisciplinary nature if desired. Because of the spectrum of biological and interdisciplinary opportunities presented at the Marine Station, all graduate students are expected to attend one summer term.

The specific objectives of the Department of Biology applicable to the graduate program are:

1. To increase the competence of secondary schoolteachers, especially those in the Seventh-day Adventist educational system.
2. To prepare students for positions in institutions of higher education by giving them a firm foundation for work toward the doctorate.
3. To provide a preparation for research careers.
CONFIRMATION OF DEGREE

The candidate must fill in duplicate the order form for the master's degree and academic regalia with the Office of the Dean of the Graduate School. Con firm the academic calendar for the last day to file the order form prior to the beginning of the final quarter. Students are required to participate in the graduation exercises. In special cases permission to receive the master's degree in absentia may be granted by the president of the College.

3. To provide a preparation for research careers.
BIOLOGICAL SCIENCES

BIOL 401 PLANT PHYSIOLOGY
A study of the principles of plant physiology. One laboratory per week. Prerequisites: BIOL 301; BIOL 302.

BIOL 403 ORNITHOLOGY
Systematic study of native birds of North America, with emphasis on identification, migration, geographical distribution, habits and life histories. Two laboratories per week.

BIOL 405 GENERAL ENTOMOLOGY
Study of insect morphology, physiology, ecology and classification. One laboratory per week.

BIOL 412 PLANT ANATOMY
Study of the microscopic anatomy of plant tissues with emphasis on their origin and development. Emphasizes the vascular plants. Recommended: BIOL 365. One laboratory per week.

BIOL 424 HERPETOLOGY
Systematic study of amphibians and reptiles with emphasis on natural history and ecology. Two laboratories per week.

BIOL 426 SYSTEMATIC BOTANY
4 or 5
Study of the principles of plant classification, together with a systematic survey of vascular plants, with emphasis on natural history and ecology. Two laboratories per week. One weekend field trip required. College Place campus-4 quarter hours; Marine Station-3 quarter hours.

BIOL 429 VASCULAR PLANTS
Study of the factors responsible for the presence and distribution of vascular plants in fresh water. Field work includes trips to a number of lakes and streams for collection of living specimens as well as habitat analysis. Two laboratories per week.

BIOL 432 INTRODUCTION TO PALEOBIOLOGY
Study of earth history as exhibited by the fossils with particular emphasis on paleontological relationships. Two laboratories per week. Prerequisite: permission of instructor.

BIOL 444 MAMMALOGY
Systematic study of mammals with emphasis on natural history and ecology. Two laboratories per week.

BIOL 446 GENERAL ECOLOGY
Study of the relationship of plants and animals, both as individuals and as organisms, to their physical and biophysical environment. Field studies designed to examine ecological principles are part of the laboratory work. Two laboratories per week. BIOL 301, genetics and a minimum of four quarter natural history courses recommended.

BIOL 447 PARASITOLOGY
Systematic study of the morphology, life cycle and host-parasite relationships of protozoa, helminths and arthropod parasites. Two laboratories per week. Prerequisite or corequisite: CHEM 321, 322, 323.

BIOL 449 VERTERATE HISTOLOGY
Study of the microscopic anatomy of vertebrate cells, tissues and organs, including reference to their functions. Two laboratories per week.

BIOL 451 INVERTEBRATE ZOOLOGY
Study of the biology of the invertebrates with emphasis on their ecology, morphology and physiology. Two laboratories per week.

BIOL 474 PSYCHOLOGY
Readings and discussion of current concepts of the biological bases of behavior in animals and men. Material is of a comparative nature with emphasis on human behavior. One laboratory per week. Prerequisites: BIOL 101, 102, 103 or BIOL 281, 292 and PSYC 130 or permission of instructor. Recommended: BIOL 374.

BIOL 485 BACTERIOLOGY
Principles of morphology and function of bacteria. Laboratory work, including unknowns, points out techniques employed in their study. Two laboratories per week. Prerequisite or corequisite: CHEM 321, 322, 323.

BIOL 477 INDEPENDENT STUDY IN BIOLOGICAL SCIENCE
Directed study in an approved area. The student will be required to read widely on an assigned subject, follow regular research methods and submit a paper showing competence in and extent of his study. Permission from the chairman of the department required. One to three hour per quarter; maximum, six.

BIOL 483 PHILOSOPHY OF ORIGINS AND SPECULATION
Comparative review of the major theories on the origin and history of living organisms with regard to their scientific and ideological values. To be taken in the junior year.

BIOL 499 TECHNIQUES IN FIELD BIOLOGY
2
Study of the techniques used in the collection and preservation of biological specimens for museum purposes. Emphasizes the recording and preservation of ecological data obtained with the collections of specimens. Topics vary depending on the instructor; each student will be given at the rate of one hour per week for each week spent working in the field.

BIOL 495 COLLOQUIUM
A lecture series designed to expose students to modern scientific research and discoveries. Each lecture is normally given by a visiting scientist. Six quarters required of all junior, senior and graduate biology majors.

BIOL 591 RESEARCH IN BIOLOGY
Individual work in a scale of original research carried out under the direction of one of the instructors. Two to four hours per quarter; maximum, eight.

BIOL 593 GENETICS AND SPECULATIONS
A study of the theory and functions of the genetic material as it relates to population and species variability and change. Prerequisite: BIOL 261.

BIOL 519 GRADUATE SEMINAR
Presentation of topics and discussion of current research in specific areas of biology. Over one hour per quarter; minimum of five, maximum of six quarters. Spring quarter normally involves a Research Plan and Progress Report for next-year graduate students. See biology Department for alternate options.

BIOL 511 BIOSYSTEMATICS
A study of the process of speciation and its relationship to currently used taxonomic methods and rules of nomenclature.

BIOL 514 SYSTEMATIC ENTOMOLOGY
A study of the principles of classification of insects. Laboratory work emphasizes field observations and studies of the habits and habits of different insects. Recommended prerequisites: BIOL 446. Two laboratories per week.

BIOL 521 PRINCIPLES OF ECONOMIC ENTOMOLOGY
An evaluation of the various methods of controlling economically important species. Prerequisite: BIOL 446.

BIOL 522 CHLORAL BIOLOGY
Current knowledge and research in the areas of cell physiology, biochemical genetics, bacteriological genetics and radiation biology will be considered. Two laboratories per week. Prerequisite: BIOL 272.
BIOL 401 PLANT PHYSIOLOGY
A study of the principles of plant physiology. One laboratory per week. Prerequisites: BIOL 301; BIOL 341.

BIOL 403 ORNITHOLOGY
Systematic study of native birds of North America, with emphasis on identification, migration, geographical distribution, habits and life histories. Two laboratories per week.

BIOL 405 GENERAL ENTOMOLOGY
Study of insect morphology, physiology, ecology and classification. One laboratory per week.

BIOL 412 PLANT ANATOMY
Study of the microscopic anatomy of plant tissues with emphasis on their origin and development. Emphasizes the vascular plants. Recommended: BIOL 397. One laboratory per week.

BIOL 424 HERPETOLOGY
Systematic study of amphibians and reptiles with emphasis on natural history and ecology. Two laboratories per week.

BIOL 426 SYSTEMATIC BOTANY
Study of the principles of plant classification, together with a systematic survey of vascular plants, with emphasis on natural history and ecology. Two laboratories per week. One weekend field trip required. (College Place campus — 4 quarter hours; Marine Studies — 3 quarter hours.)

BIOL 427 ZOOLOGY
Study of the factors responsible for the presence and distribution of animals and plants in fresh water. Field work includes trips to a number of lakes and streams for collection of living specimens as well as habitat analysis. Two laboratories per week.

BIOL 433 INTRODUCTION TO PALEO BIOLOGY
Study of earth history as exhibited by the fossils with particular emphasis on palaeobiological relationships. Two laboratories per week. Prerequisite: permission of instructor.

BIOL 444 MAMMALOLOGY
Systematic study of mammals with emphasis on natural history and ecology. Two laboratories per week.

BIOL 446 GENERAL ECOLOGY
Study of the relationships of plants and animals, both individuals and in assemblages, to their physical and biological environment. Field studies designed to examine ecological principles are part of the laboratory work. Two laboratories per week. Biologists, geologists and a minimum of one field natural history course recommended.

BIOL 447 PARASITOLOGY
Systematic study of the morphology, life cycle and host-parasite relationships of protozoa, helminths and arthropod parasites. Two laboratories per week. Prerequisite or corequisite: CHEM 311, 312, 312, 321.

BIOL 449 VERTEBRATE HISTOLOGY
Study of the microscopic anatomy of vertebrate cells, tissues and organs, including reference to their functions. Two laboratories per week.

BIOL 451 INVERTEBRATE ZOOLOGY
Study of the biology of the invertebrates with emphasis on their ecology, morphology and physiology. Two laboratories per week.

BIOL 474 PSYCHOPHYSIOLOGY
Readings in and discussion of current concepts of the biological basis of behavior in animals and man. Material is of a comparative nature with emphasis on human behavior. One laboratory per week. Prerequisites: BIOL 101, 102, 103 or BIOL 281, 202 and PSYC 191 or permission of instructor. Recommended: BIOL 374.
READING COURSES

A maximum of six quarter hours may be selected from Reading Courses.

BIOL 535 READINGS IN PHYSIOLOGY
Analysis of classical and current literature in the field by means of reports and conferences with a staff member. Areas of concentration may include animal, plant, cellular or immunological aspects of physiology.

BIOL 536 READINGS IN NATURAL HISTORY
Analysis of classical and recent literature in the field by means of reports and conferences with a staff member. Areas of concentration may include zoology, entomology, ichthyology, marine biology, botany or zoology.

BIOL 537 READINGS IN ECOLOGY
Analysis of classical and current literature in the field by means of reports and conferences with a staff member. Areas of concentration may include ecology, symbiosis, or plant ecology.

BIOL 538 READINGS IN GENETICS
Analysis of classical and current literature in the field by means of reports and conferences with a staff member. Areas of concentration may include classical genetics, molecular biology, speciation or evolution.

BIOL 539 READINGS IN ETHOLOGY
Analysis of classical and current literature in the field by means of reports and conferences with a staff member. Areas of concentration may include animal behavior, sociobiology or psychology.

BIOL 545 THESIS
Preparation and defense of the master's thesis based upon original biological research. The research topic is selected upon consultation with the student's major professor and graduate committee.

BIOLOGY COURSES: Marine Station

BIOL 101, 102, 103 or equivalent is prerequisite for all courses listed below.

BIOL 460 MARINE ECOTOLOGY
Study of interspecific, intraspecific and community relationships demonstrated by marine organisms.

BIOL 462 IC ECOLOGY
Study of the life of fishes found in Puget Sound, with a survey of the fishes of other waters.

BIOL 463 MARINE BOTANY
Systematic study of plants found in Puget Sound, with a survey of marine plants from other areas.

BIOL 467 INTRODUCTION TO OCEANOGRAPHY
A physical, chemical and geological study of the oceans, emphasizing the interaction between the ocean biosphere and its environment.

BIOL 468 COMPARATIVE PHYSIOLOGY
Comparative study of the physiology and life processes of animals with emphasis on invertebrates. Prerequisite: BIOL 352.

BIOL 470 MARINE BIOPHYSICS
Introduction to the physical aspects of living organisms studied by the experimental and conceptual methods of physics with application to marine life.

BIOL 475 MARINE INVERTEBRATES
A study of the biology of selected groups of marine invertebrates.

BIOL 508 PHYSIOLOGY OF THE ALGAE
A comparative study of the physiology of representative members of the major algal groups. Collection and growth of pure cultures of single-celled forms and related macroscopic forms. Additional factors, light requirements, synchronization and growth will be emphasized.

BIOL 514 SYMBIOSIS
A study of sheathy defined associations between organisms. Selected examples of the ways in which bacteria, plants and animals are used to illustrate varying degrees of relationships. Prerequisites: Course work in one group of animals or plants or microorganisms or parasitology. Chemistry courses through organic are highly recommended.

BIOL 515 BEHAVIOR OF MARINE ORGANISMS
A study of inter- and interspecific behaviors of marine animals and their behavioral responses to the physical environment. The course involves laboratory experiences, field observations and a research project. Prerequisites: BIOL 374 or BIOL 458 or PSYC 130 and background in organizational biology and permission of the instructor.

28
READING COURSES

A maximum of six quarter hours may be selected from Reading Courses.

BIOL 535 READINGS IN PHYSIOLOGY
Analysis of classical and current literature in the field by means of reports and conferences with a staff member. Areas of concentration may include animal, plant, cellular or immunological aspects of physiology.

BIOL 536 READINGS IN NATURAL HISTORY

Analysis of classical and current literature in the field by means of reports and conferences with a staff member. Areas of concentration may include mammalogy, ornithology, invertebrate zoology, ichthyology, botany or bio-systematics.

BIOL 537 READINGS IN ECOLOGY
Analysis of classical and current literature in the field by means of reports and conferences with a staff member. Areas of concentration may include ecology, symbiosis or plant ecology.

BIOL 538 READINGS IN GENETICS

Analysis of classical and current literature in the field by means of reports and conferences with a staff member. Areas of concentration may include classical genetics, molecular biology, speciation or evolution.

BIOL 539 READINGS IN ETIOLOGY
Analysis of classical and current literature in the field by means of reports and conferences with a staff member. Areas of concentration may include animal behavior, sociobiology or psychobiology.

BIOL 545 THESIS
Preparation and defense of the master's thesis based upon an original biological research project. The research topic is selected upon consultation with the student's major professor and graduate committee.

BIOLOGY COURSES: Marine Station

BIOL 101, 102, 103 or equivalent is prerequisite for all courses listed below.

BIOL 460 MARINE ECOLOGY
Study of inter-specific, intra-specific and community relationships demonstrated by marine organisms.

BIOL 462 MARINE SYSTEMOLOGY
Study of life in the seas and in the benthic zone of marine habitats.

BIOL 463 MARINE BOTANY
Systematic study of plants found in Puget Sound, with a survey of marine plants from other areas.

BIOL 466 INTRODUCTION TO OCEANOGRAPHY
A physical, chemical and geological study of the ocean, and the effects of the ocean on life, emphasizing the mutual interaction between the oceanic biosphere and its environment.

BIOL 468 COMPARATIVE PHYSIOLOGY
Comparative study of the physiology and life processes of animals with emphasis on invertebrates. Prerequisite: BIOL 292.

BIOL 475 MARINE BIOPHYSICS
Introduction to the physical aspects of living organisms studied by the experimental and conceptual methods of physics with application to marine life.

BIOL 477 MARINE INVERTEBRATES
A study of the biology of selected groups of marine invertebrates.
EDUCATION AND PSYCHOLOGY

The Department of Education and Psychology offers two master's degree programs—the Master of Education, a nonthesis program; and the Master of Arts, a thesis program. These programs permit professional enrichment through liberal course selection in the areas of school administration; elementary, junior high, or secondary instruction; and counseling.

In addition to the general objectives of the graduate program, the following are specific objectives of the department:

1. To assist the student in developing a philosophy of education consistent with Christian principles.
2. To develop an understanding of the relationship between theoretical concepts and educational processes.

PROGRAM SEQUENCE

The graduate student must assume personal responsibility for initiating all procedures in consultation with an assigned adviser in the Education and Psychology Department. Those working toward a master of arts degree must also follow the thesis requirements as outlined in Departmental Requirements for Proposals and Theses.

I. Precandidacy Level

A. Read all introductory information in this bulletin and follow explicitly the directions given therein.
B. Take the Graduate Record Examinations: Aptitude Tests and Advanced Test in Education if these have not been taken previously.
C. Apply to the Office of Admissions and Records for admission to graduate study.
D. Upon acceptance to graduate study, consult with the chairman of Education and Psychology for the assignment of a program adviser.
E. In consultation with the assigned adviser, plan the precandidacy phase of the program to include each of the following:
   1. Orientation to graduate study in the fall or summer of the first year of graduate residency.
   2. Arrangements for the removal of all prerequisite deficiencies.
   3. Registration plans for the first 9-15 quarter hours of coursework, including Methods of Research.
F. Consult with the credential officer if certification is being contemplated.
G. Taking no more than 12 hours per quarter, complete your first 9-15 quarter hours exclusive of deficiencies and including Methods of Research. Toward the end of the quarter or summer session in which you expect to meet this requirement, prepare with your adviser an Application for Degree Candidacy and Program Approval.

II. Candidacy Level

A. Complete all courses and deficiencies as specified in the approved program of studies. A minimum of 30 approved quarter hours should be earned after advancement to candidacy has been granted by the Graduate Council.

B. In the quarter or summer session immediately before the one in which you plan to complete the program, do each of the following:
   1. Register for Graduate Seminar.
   2. File order form for master's degree with Records Office. (See Academic Calendar for last filing date.)
C. At the beginning of the quarter or summer session in which you plan to graduate, do each of the following:
   1. Submit evidence of experience and certification qualifications.
   2. Arrange with the chairman of Education and Psychology Department for the selection of an examination committee and for an examination date.

MASTER OF EDUCATION (M.Ed.)

The master of education degree is a nonthesis program with a variety of specialized options designed to enhance the professional competencies of practitioners in education.

By careful planning, a qualified candidate may complete many of the requirements for the degree with preparation for state certification as a teacher, principal, or educational staff associate (counselor). However, completion of minimum degree requirements does not necessarily satisfy certification requirements. Students pursuing a certificate must consult with the credential adviser early in their program sequence.

General Prerequisites (applicable to all M.Ed. programs)

In addition to admission requirements for the master's degree, as described elsewhere in this bulletin, certain background experiences are considered prerequisite for all candidates. Deficiencies may be removed after admission to graduate study but the credits earned thereby will not apply to the minimum degree requirements. A plan for the removal of all prerequisite deficiencies must be submitted prior to advancement to degree candidacy and program approval. It is normally expected that the first of the following prerequisites will precede the second one:

1. 30 quarter hours in professional education. Any course, from any department, will satisfy the intent of this requirement if its emphasis is specifically directed toward instructional-learning principles, pupil characteristics, teaching methodology, curriculum materials, or the role and function of various school personnel.
2. Not less than nine months of verified, satisfactory educational work experience. (Up to 30 quarter hours for the master's degree may be counted toward the experience, but a minimum of 15 quarter hours must be earned thereafter.)

To be acceptable, the work experience must come from full-time involvement with the professional or paraprofessional academic processes which usually take place in schools or other educational service...
EDUCATION AND PSYCHOLOGY

The Department of Education and Psychology offers two master's degree programs—the Master of Education, a nonthesis program; and the Master of Arts, a thesis program. These programs permit professional enrichment through liberal course selection in the areas of school administration; elementary, junior high, or secondary instruction; and counseling.

In addition to the general objectives of the graduate program, the following are specific objectives of the department:

1. To assist the student in developing a philosophy of education consistent with Christian principles.
2. To develop an understanding of the relationship between theoretical concepts and educational processes.

PROGRAM SEQUENCE

The graduate student must assume personal responsibility for initiating all procedures in consultation with an assigned adviser in the Education and Psychology Department. Those working toward a master of arts degree must also follow the thesis requirements as outlined in Departmental Requirements for Proposals and Theses.

I. Precandidacy Level
   A. Read all introductory information in this bulletin and follow explicitly the directions given therein.
   B. Take the Graduate Record Examinations: Aptitude Tests and Advanced Test in Education if these have not been taken previously.
   C. Apply to the Office of Admissions and Records for admission to graduate study.
   D. Upon acceptance to graduate study, consult with the chairman of Education and Psychology for the assignment of a program adviser.
   E. In consultation with the assigned adviser, plot the precandidacy phase of the program to include each of the following:
      1. Orientation to graduate study in the fall or summer of the first year of graduate residency.
      2. Arrangements for the removal of all prerequisite deficiencies.
      3. Registration plans for the first 9-15 quarter hours of coursework, including Methods of Research.
   F. Consult with the credential officer if certification is being contemplated.
   G. Taking no more than 12 hours per quarter, complete your first 9-15 quarter hours exclusive of deficiencies and including Methods of Research. Toward the end of the quarter or summer session in which you expect to meet this requirement, prepare with your adviser an Application for Degree Candidacy and Program Approval.

II. Candidacy Level
   A. Complete all courses and deficiencies as specified in the approved program of studies. A minimum of 30 approved quarter hours should be earned after advancement to candidacy has been granted by the Graduate Council.
   B. In the quarter or summer session immediately before the one in which you plan to complete the program, do each of the following:
      1. Register for Graduate Seminar.
      2. File order form for master's degree with Records Office. (See Academic Calendar for last filing date.)
   C. At the beginning of the quarter or summer session in which you plan to graduate, do each of the following:
      1. Submit evidence of experience and certification qualifications.
      2. Arrange with the chairman of Education and Psychology Department for the selection of an examination committee and for an examination date.

MASTER OF EDUCATION (M.Ed.)

The master of education degree is a nonthesis program with a variety of specialized options designed to enhance the professional competencies of practitioners in education.

By careful planning, a qualified candidate may coordinate many of the requirements for the degree with prerequisites for state certification as a teacher, principal, or educational staff associate (counselor). However, completion of minimum degree requirements does not necessarily satisfy certification requirements. Students pursuing a certificate must consult with the credential officer early in their program sequence.

General Prerequisites (applicable to all M.Ed. programs)

In addition to admission requirements for the master's degree, as described elsewhere in this bulletin, certain background experiences are considered prerequisite for all candidates. Deficiencies may be removed after admission to graduate study but the credits earned thereby will not apply to the minimum degree requirements. A plan for the removal of all prerequisite deficiencies must be submitted prior to advancement to degree candidacy and program approval. It is normally expected that the first of the following prerequisites will precede the second one:

1. 30 quarter hours in professional education. Any course, from any department, will satisfy the intent of this requirement if its emphasis is specifically directed toward instructional-learning principles, pupil characteristics, teaching methodology, curriculum materials, or the role and function of various school personnel.
2. Not less than nine months of verified, satisfactory educational work experience. Up to 30 quarter hours for the master's degree may be earned prior to the experience, but a minimum of 15 quarter hours must be earned thereafter.

To be acceptable, the work experience must come from full-time involvement with the professional or paraprofessional academic processes which usually take place in schools or other educational service
EDUCATION AND PSYCHOLOGY

academic requirements for state certification as a teacher, principal or educational staff associate before the degree is granted. It is not necessary to be in possession of the certificate before graduation, but eligibility must be established in all respects excepting that of citizenship. Preparation for the certificate will normally be according to Washington State requirements for either the provisional (initial) or standard (continuing) level. Candidates from out-of-state may produce evidence of qualifying in the state, province or country of their intended future educational employment if a specific certification program exists therein. Otherwise, they must meet the Washington State requirements.

Areas of Specialization

Programs of specialization are sufficiently flexible to meet individual needs while at the same time providing a basic core of substantive fifth-year experience applicable to various state certificates.

Specializations may be planned in the following approved areas:

School Administration
Counseling and Guidance
School Counseling
Special Education Counseling
Elementary Instruction
Special Education
Junior High Instruction

Secondary Instruction in:
Biological, Biophysics, Business,
Chemistry, English, History,
Industrial Arts, Language,
Arts, Mathematics, Physical
Education, Physics, Social
Sciences.

A candidate wishing to pursue a specialization in an area other than any listed above may submit for consideration by the department staff and the Graduate Council an individualized self-declared proposal itemizing at least 24 quarter hours in the chosen specialization area. Additional supporting credit as needed to complete the degree will be selected in harmony with all other specified degree requirements. It is essential that this type of program be planned in consultation with an assigned advisor in the Department of Education and Psychology.

School Administration

Specialization Prerequisites: Three years of satisfactory certified classroom teaching. Must have acquired all qualifications for a state-approved teaching certificate.

Area Requirements: 24 quarter hours in courses related to school administration, supervision, curriculum and counseling. Must include the following courses unless they were a part of the undergraduate sequence:

EDUC 504 Elementary Curriculum
EDUC 505 Secondary Curriculum
EDUC 526 School Finance
EDUC 544 Administration of the Elementary School
EDUC 551 Administration of the Secondary School
EDUCATION AND PSYCHOLOGY

academic requirements for state certification as a teacher, principal or educational staff associate before the degree is granted. It is not necessary to be in possession of the certificate before graduation, but eligibility must be established in all respects excepting that of citizenship. EDUCATION AND PSYCHOLOGY

Bachelors programs (B.A., B.S., B.Sc.) in Education and Psychology are designed to provide a comprehensive education for students interested in pursuing careers in education, psychology, or related fields. The programs offer a blend of theoretical and practical coursework, focusing on both educational and psychological principles.

Bachelor of Arts in Education (B.A. in Education)

The B.A. in Education program requires a minimum of 120 semester hours, including general education requirements and major courses. Students must complete a core curriculum in education theory and practice, along with electives in the specific field of interest.

Bachelor of Science in Education (B.S. in Education)

The B.S. in Education program is designed for students who wish to pursue careers in teaching or related fields. It requires a minimum of 124 semester hours, including general education requirements and major courses. The program emphasizes a strong foundation in science and technology, as well as education theory and practice.

Bachelor of Science in Psychology (B.S. in Psychology)

The B.S. in Psychology program requires a minimum of 120 semester hours, including general education requirements and major courses. It focuses on developing a strong understanding of psychological principles and research methods, preparing students for careers in psychology or related fields.

EDUCATION AND PSYCHOLOGY

Master of Arts in Education (M.A. in Education)

In the master of arts program, educators and others with appropriate backgrounds may specialize within an approved general area of education according to their interests. The inclusion of a thesis requirement provides an opportunity for the development of scholarly investigative and reporting skills. It particularly serves those wishing to contribute to knowledge through research, or those aspiring toward a higher degree beyond the master's.

Qualified candidates seeking denominational or state certification as a teacher, principal or counselor may coordinate many of the requirements of the degree with preparation for the certificate. However, completion of minimum M.A. requirements will rarely satisfy certification requirements in their entirety. Students pursuing a certificate of any kind should consult with the appropriate department early in their program sequence.

Prerequisites

In addition to admission requirements for the master's degree program, as described elsewhere in this bulletin, an M.A. candidate must meet the prerequisites listed under the chosen area of specialization. Unless specifically noted, there are no requirements with respect to work experience or certification either prior to or during the degree program.

Deficiencies with specialization prerequisites may be removed after admission to graduate study, but the credit earned thereby will not apply to the minimum degree requirements. A plan for the removal of all deficiencies must be submitted prior to advancement to degree candidacy and program approval.

Basic Requirements (applicable to all M.A. programs)

Unless otherwise indicated, a minimum M.A. program comprises 45 quarter hours of credit. Some programs may include more than this minimum because of the nature of the specialization or to provide for the particular needs and interests of the student.

A minimum of 24 quarter hours S credit. The M.A. degree must be from courses numbered 500 and above.

All courses included in the degree program must be approved by an assigned adviser in the Education and Psychology Department.

The following courses are required of all candidates:

EDUC 500 Graduate Seminar (toward the end of the program)
EDUC 522 Philosophy of Education (before advancement to candidacy)
EDUC 561 Methods of Research (before advancement to candidacy)
EDUC 590 Thesis

A no-credit orientation to graduate study is required of all candidates either in the fall or summer of the first year of residency, whichever comes first. Upon completion of 9 to 15 quarter hours, a planned program of study must be submitted for consideration by the staff of the department.
tions with a minimum of 27 quarter hours in each. The two content areas must be in academic subjects commonly taught at junior high level.

Area Requirements: 11 quarter hours in professional education courses as defined under General Prerequisites No. 1. Insofar as possible, these courses should be related to junior high curriculum and instruction.

15 quarter hours in academic content courses from two departments other than education and psychology. These courses must be in the same general areas as the two prerequisite content areas specified above.

9 additional quarter hours in supporting courses from education and psychology, and/or from other departments, as needed to complete the minimum of 45 quarter hours.

Secondary Instruction

Specialization Prerequisites: A major in the area of content specialization or an equivalent concentration of 45 quarter hours.

Area Requirements: 24 quarter hours in academic content courses related to an approved area of specialization. All courses for the 24 quarter hours specialization must be chosen in consultation with and approved by an adviser in the department(s) concerned.

In specialization where only one content area is emphasized (e.g., English), up to 6 of the 24 quarter hours may be selected from no more than two supporting departments other than the major area of emphasis. In interdisciplinary areas (*), courses must be distributed among areas listed in parentheses according to the needs and interests of the candidates.

The approved areas of specialization are:

- Biology
  - Biophysics (biology, chemistry, engineering, mathematics, physics)
- Chemistry
- Business Teacher Education
- English
- History
- Industrial Arts
- Language Arts (English, communications, journalism, library science)
- Mathematics
- Physical Education
- Physics
- Social Science (history, political science, sociology)

11 quarter hours in professional education courses as defined under General Prerequisites No. 1. Insofar as possible, these courses should be related to secondary curriculum and instruction. All professional education courses must be approved by an assigned adviser in the Education and Psychology Department.

MASTER OF ARTS—IN EDUCATION (M.A.)

In the master of arts program, educators and others with appropriate backgrounds may specialize within an approved general area of education according to their interests. The inclusion of a thesis requirement provides an opportunity for the development of scholarly investigative and reporting skills. It particularly serves those wishing to contribute to knowledge through research, or those aspiring toward a higher degree beyond the master’s. Qualified candidates seeking denominational or state certification as a teacher, principal or counselor may coordinate many of the requirements of the degree with preparation for the certificate. However, completion of minimum M.A. requirements will rarely satisfy certification requirements in their entirety. Students pursuing a certificate of any kind should consult with the credential adviser early in their program sequence.

Prerequisites

In addition to admission requirements for the master’s degree program, as described elsewhere in this bulletin, an M.A. candidate must meet the prerequisites listed under the chosen area of specialization. Unless specifically noted, there are no requirements with respect to work-experience or certification either prior to or during the degree program.

Deficiencies with respect to specialization prerequisites may be removed after admission to graduate study, but the credit earned thereby will not apply to the minimum degree requirements. A plan for the removal of all deficiencies must be submitted prior to advancement to degree candidacy and program approval.

Basic Requirements (applicable to all M.A. programs)

Unless otherwise indicated, a minimum M.A. program comprises 45 quarter hours of credit. Some programs may include more than this minimum because of the nature of the specialization or to provide for the particular needs and interests of the student.

A minimum of 24 quarter hours for the M.A. degree must be from courses numbered 500 and above.

All courses included in the degree program must be approved by an assigned adviser in the Education and Psychology Department.

The following courses are required of all candidates:
- EDUC 500 Graduate Seminar (toward the end of the program)
- EDUC 522 Philosophy of Education (before advancement to candidacy)
- EDUC 561 Methods of Research (before advancement to candidacy)
- EDUC 590 Thesis

A no-credit orientation to graduate study is required of all candidates either in the fall or summer of the first year of residency, whichever comes first. Upon completion of 9 to 15 quarter hours, a planned program of study must be submitted for consideration by the staff of the department. Recon-
EDUCATION AND PSYCHOLOGY

Recommendations will be made to the Graduate Council concerning advancement to degree candidacy.

Areas of Specialization

The program of study for the area of specialization is planned in consultation with the departmental adviser to meet the individual needs and interests of each student. A minimum of 18 quarter hours is required in the chosen area. For many candidates, additional specialization credit beyond the minimum of 18 quarter hours may be desirable or necessary, especially if certification is also being sought. Specializations may be planned in the following approved areas:

School Administration

Specialization Prerequisites: Three years of satisfactory, certificated classroom teaching.

Area Requirements: 18 quarter hours in courses related to school administration and supervision.

Although EDUC 560 Administrative Practicum is required for candidates working toward a Washington State principal's credential, it does not apply toward the minimum of 45 quarter hours.

Curriculum and Instruction

Specialization Prerequisites: 30 quarter hours in professional education. Any course, from any department, will satisfy the intent of this requirement if its emphasis is specifically directed toward instructional-learning principles, pupil characteristics, teaching methodology, curriculum materials, or the role and function of various school personnel.

Not less than nine months of verified, satisfactory educational work experience. Up to 30 quarter hours for the M.A. degree may be earned prior to the experience, but a minimum of 15 quarter hours must be earned thereafter.

Verification of the experience must be by letter from an administrator under whom the experience was gained. The letter should attest to the time spent, the nature of the activities and the quality of performance. It is the responsibility of the candidate to obtain this verification.

Area Requirements: 18 quarter hours in professional education courses as defined under specialization prerequisites, above. Insofar as possible, emphasis should be directed toward one of the following: preschool, elementary, junior high, secondary or higher education. 12 quarter hours in supporting academic content courses from departments other than education and psychology. These courses must be in subject-matter clearly related to the area of emphasis chosen for specialization. On the junior high, secondary and higher education levels, supporting courses must be from not more than two content areas

Educational Foundations

Specialization Prerequisites: A minor in psychology or sociology, or an equivalent concentration of 28 quarter hours in one of these areas. 6 quarter hour requirements in educational psychology. These 6 hour requirement are in addition to the minor prerequisite stated above.

Area Requirements: 18 quarter hours in not more than two of the following areas: historical, philosophical, sociological and psychological foundations of education.

Candidates specializing in psychological foundations should choose courses related to learning, development, measurement and statistics. 12 quarter hours in supporting courses from education and psychology, and/or from other departments, as needed to complete the minimum of 45 quarter hours.

Counseling and Guidance (50 quarter hours minimum)

Specialization Prerequisites: A minor in psychology or an equivalent 28 quarter hours including elementary statistics and a course in child and adolescent development.

15 quarter hours in professional education, as defined under the Specialization Prerequisites for Curriculum and Instruction. These 15 hours may be an inclusive part of, and not necessarily additional to, the minor prerequisite stated above.

Area Requirements: 18 quarter hours in courses related to counseling psychology and guidance activities or theory. Must include courses in counseling techniques, measurement and theory and assessment skills.

6 quarter hours in PSYC 565 Practicum in Counseling.

11 quarter hours in supporting courses from education and psychology and/or from other departments, as needed to complete the minimum of 50 quarter hours specified for the counseling specialization.

Individualized Option

A candidate wishing to pursue a specialization in an area other than any listed above may submit for consideration by the departmental staff and the Graduate Council an individualized self-planned proposal listing at least 18 quarter hours in a chosen specialization area with appropriate prerequisite selected in harmony with all other specifying degree requirements. It is essential that this type of program be planned in consultation with an assigned adviser in the Department of Education and Psychology.
EDUCATION AND PSYCHOLOGY

Recommendations will then be made to the Graduate Council concerning advancement to degree candidacy.

Areas of Specialization

The program of study for the area of specialization is planned in consultation with the departmental advisor to meet the individual needs and interests of each student. A minimum of 18 quarter hours is required in the chosen area. For many candidates, additional specialization credit beyond the minimum of 18 quarter hours may be desirable or necessary, especially if certification is also being sought. Specializations may be planned in the following approved areas:

School Administration

Specialization Prerequisites: Three years of satisfactory, certificated classroom teaching.

Area Requirements: 18 quarter hours in courses related to school administration and supervision. 12 quarter hours in supporting courses from education and psychology, and/or from other departments, as needed to complete the minimum of 45 quarter hours.

Although EDUC 560 Administrative Practicum is required for candidates working toward a Washington State principal's credential, it does not apply toward the minimum of 45 quarter hours.

Curriculum and Instruction

Specialization Prerequisites: 30 quarter hours in professional education. Any course, from any department, will satisfy the intent of this requirement if its emphasis is specifically directed toward instructional-learning principles, pupil characteristics, teaching methodology, curriculum materials, or the role and function of various school personnel.

Not less than nine months of verified, satisfactory educational work experience. Up to 30 quarter hours for the M.A. degree may be earned prior to the experience, but a minimum of 15 quarter hours must be earned thereafter. Verification of the experience must be by letter from an administrator under whom the experience was gained. The letter should attest to the time spent, the nature of the activities and the quality of performance. It is the responsibility of the candidate to obtain this verification.

Area Requirements: 18 quarter hours in professional education courses as defined under specialization prerequisites, above. Insofar as possible, emphasis should be directed toward one of the following: preschool, elementary, junior high, secondary or higher education. 12 quarter hours in supporting academic content courses from departments other than education and psychology. These courses must be in subject-matter clearly related to the area of emphasis chosen for specialization. On the junior high, secondary and higher education levels, supporting courses must be from not more than two content areas.

Educational Foundations

Specialization Prerequisites: A minor in psychology or sociology, or an equivalent concentration of 28 quarter hours in one of these areas. 6 quarter hours in educational psychology. These are the minor prerequisites stated above.

Area Requirements: 18 quarter hours in not more than two of the following areas: historical, philosophical, sociological and psychological foundations of education.

Candidates specializing in psychological foundations should choose courses related to learning, development, measurement and statistics. 12 quarter hours in supporting courses from education and psychology, and/or from other departments, as needed to complete the minimum of 45 quarter hours.

Counselling and Guidance (50 quarter hours minimum)

Specialization Prerequisites: A minor in psychology or an equivalent 28 quarter hours in psychology and education, and/or an equivalent 28 quarter hours in psychology and education, and/or an equivalent 28 quarter hours in education and psychology, and/or an equivalent 28 quarter hours in education and psychology. 15 quarter hours in professional education as defined under the Specialization Prerequisites for Curriculum and Instruction. These 15 quarter hours may be an inclusive part of, and not necessarily additional to, the minor prerequisites stated above.

Area Requirements: 18 quarter hours in courses related to counseling, psychology, and guidance activities or theory. Must include courses in counseling techniques, measurement, theory and assessment skills.

6 quarter hours in PSYC 565 Practicum in Counseling.

11 quarter hours in supporting courses from education and psychology and/or from other departments, as needed to complete the minimum of 50 quarter hours specified for the counseling specialization.

Individualized Option

A candidate wishing to pursue a specialization in an area other than any listed above may submit for consideration by the departmental staff and the Graduate Council an individualized self-planned proposal listing at least 18 quarter hours in a chosen specialization area with appropriate prerequisites selected in harmony with all other specified degree requirements. It is essential that this type of program be planned in consultation with an assigned adviser in the Department of Education and Psychology.
TEACHING CERTIFICATION

Walla Walla College is a state-approved teacher education institution. As such, it is authorized to recommend graduates to the Washington State Department of Education for the initial and continuing certificates. The course offerings also provide for teaching certificates currently available from the General Conference Department of Education. Information concerning specific certificates is available in the regular bulletin and/or from the certification consultant.

Requirements for Continuing Certificate—Fifth Year

To be recommended for the Washington continuing certificate, the candidate must fulfill the following requirements:

1. Hold a valid Washington provisional initial certificate.
2. Complete three years of successful teaching.
3. Complete an approved competency based program of 45 quarter hours beyond the provisional initial certificate.

Of the 65 quarter hours, 23 must be in residence; 30 may be earned prior to the first year of teaching; at least 15 quarter hours must be earned after the first year of teaching.

The fifth-year program must be planned by authorized personnel in the Education Department. By careful planning, some students are able to complete the requirements for the master's degree in education at the same time they are fulfilling the requirements for the continuing certificate.

COURSES IN EDUCATION

EDUC 246 ELEMENTARY TUTORING 1-3
Supervised teaching experience on one-to-one or small group basis in providing opportunities to develop and demonstrate teaching competence and evaluation of effective instructional teaching strategies in an elementary school classroom. (S or NC only)

EDUC 267 SECONDARY TUTORING 1-3
Supervised teaching experience on one-to-one or small group basis providing opportunities to develop and demonstrate teaching competence and evaluation of effective instructional teaching strategies in a secondary school classroom. (S or NC only)

EDUC 363 LANGUAGE ARTS IN THE ELEMENTARY SCHOOL 3
A study of those currently important in language arts education, with emphasis on research and its practical implications for teaching, functions and programs of the language arts in the elementary school curriculum.

EDUC 362 READING IN THE ELEMENTARY SCHOOL 4
A basic course stressing current theory, effective instructional procedures, learning resources and understanding of the teaching of reading as the primary and intermediate grades of the elementary school.

EDUC 373 MATHEMATICS IN THE ELEMENTARY SCHOOL 3
Survey of the content, methods and processes used in teaching mathematics in the elementary school; emphasis on new approaches.

LIBR 374 LIBRARY MATERIALS FOR CHILDREN 3
See the Library Sciences section of the undergraduate bulletin.

ENGL 374 LITERATURE IN THE ELEMENTARY SCHOOL 3
See the English section of the undergraduate bulletin.

3. Complete an approved competency-based program of 45 quarter hours beyond the provisional initial certificate.

Of the 45 quarter hours, 23 must be in residence; 30 may be earned prior to the first year of teaching; at least 15 quarter hours must be earned after the first year of teaching.

The fifth-year program must be planned by authorized personnel in the Education Department. By careful planning, some students are able to complete the requirements for the master’s degree in education at the same time they are fulfilling the requirements for the continuing certificate.

COURSES IN EDUCATION

EDUC 266 ELEMENTARY TUTORING 1, 3
Supervised teaching experience on a one-to-one or small group basis, providing opportunity to develop and demonstrate teaching competence and evaluation of appropriate teaching strategies in an elementary school classroom. (S or NC only)

EDUC 267 SECONDARY TUTORING 1, 3
Supervised teaching experience on a one-to-one or small group basis providing opportunity to develop and demonstrate teaching competence and evaluation of appropriate teaching strategies in a secondary school classroom. (S or NC only)

EDUC 360 LANGUAGE ARTS IN THE ELEMENTARY SCHOOL 3
A study of house: 1) currently important in language arts education, with emphasis on research and its practical implications for teaching, courses and programs of the language arts in the elementary school curriculum.

EDUC 362 READING IN THE ELEMENTARY SCHOOL 3
A basic course stressing current theory, effective instructional procedures, learning resources and understanding of the role of reading in the curriculum. Emphasis on newer approaches.

LIBR 374 LIBRARY MATERIALS FOR CHILDREN 3
See the Library Sciences section of the undergraduate bulletin.

ENGL 375 LITERATURE IN THE ELEMENTARY SCHOOL 3
See the English section of the undergraduate bulletin.

EDUCATION AND PSYCHOLOGY

ENGL 375 LITERATURE IN THE SECONDARY SCHOOL
See the English section of the undergraduate bulletin.

EDUC 375 CLASSROOM MANAGEMENT
Introduction to various approaches to classroom management and the special considerations involved in small schools and multigrade classrooms. Explores the human and behavioral aspects of classroom management. (S or NC only)

EDUC 390 EDUCATIONAL EVALUATION
Introduction to principles and techniques of evaluating classroom activities in elementary and secondary schools.

EDUC 404 HISTORY OF EDUCATION
Survey of the history of education.

EDUC 426 PRINCIPLES AND PROCEDURES OF GUIDANCE
Introduction to the philosophy, functions, organization and evaluation of guidance programs.

EDUC 428 EXCEPTIONAL STUDENTS IN THE CLASSROOM
Survey of current special education laws, materials and techniques for teaching exceptional children within the educational mainstream. Prerequisite: PSYC 220 or permission of instructor.

EDUC 450 HANDBOOK ACTIVITIES IN THE ELEMENTARY SCHOOL
See the Industrial Technology section of the undergraduate bulletin.

SOC 444 SOCIOLOGY OF EDUCATION
See the Sociology and Social Work section of the undergraduate bulletin.

EDUC 450 SOCIAL STUDIES, RELIGION, SCIENCE AND HEALTH IN THE ELEMENTARY SCHOOL
Examination of current materials and methodology used in the elementary curriculum in the areas of social studies, religion, science and health. Classroom observotion and teaching will be required.

EDUC 482 DIRECTED TEACHING—In-Service 6
Directed on-the-job experience for teachers desiring to improve professional skills. Includes meeting in methods of analysis of teaching and practice in methods of self-analysis. Registration only by permission of the Student Teaching Committee after completion of the required coursework in professional education.

EDUC 484 METHODS OF AUDIOVISUAL EDUCATION 3
Survey of the methods of instruction through the use of audiovisual aids.

EDUC 486 INSTRUCTIONAL AIDS—PRODUCTION 3
Experiences in the production of instructional aids.

HEAL 482 METHODS OF SCHOOL HEALTH INSTRUCTION 3
See the Health, Physical Education and Recreation section of the undergraduate bulletin.

PETT #2 METHODS OF TEACHING SECONDARY PHYSICAL EDUCATION
See the Health, Physical Education and Recreation section of the undergraduate bulletin.

PETT #3 PHYSICAL EDUCATION IN THE ELEMENTARY SCHOOL
See the Health, Physical Education and Recreation section of the undergraduate bulletin.

474 WORKSHOP 1-3
Directed study in an area of educational concern. Designed for both experienced teachers and those preparing to enter the teaching profession. One to three quarter hours. Maximum, six quarter hours.

475 INDEPENDENT STUDY IN EDUCATION 1-3
Directed study in an approved area. Permission from the chairman of the department and approving instructor is required. One to three quarter hours any quarter; maximum, six quarter hours.
EDUCATION AND PSYCHOLOGY

EDUC 475 ELEMENTARY MICROTEACHING
A teaching laboratory to prepare elementary teachers in skills necessary for effective teaching. Students present brief demonstration lessons to a small class of children. Self-evaluation is supplemented by a validation of supervisors, practicing teachers and peers, along with video recordings. Prerequisite: Admission into Phase II and two method courses.

EDUC 479 SECONDARY MICROTEACHING
Teaching procedures which are applicable at any level are considered. Laboratory practice in certain teaching skills will be provided following the microteaching model. The class will meet one night each week and each student will participate weekly in an afternoon teaching laboratory. Prerequisite: Admission into Phase II and one methods course in the student's major or minor area of study.

EDUC 492 EDUCATION OF THE GIFTED
Introduction to the design of learning opportunities for gifted children in the light of their psychological characteristics.

EDUC 493 SYSTEMS OF Thought
Intensive study of various aspects of philosophical thinking and their bearing upon education. Emphasizes current writing in education.

EDUC 495 ELEMENTARY SCHOOL GUIDANCE
Study of the rationale for elementary school guidance with emphasis upon current research and issues. Focuses on the tools and techniques of both classroom and school guidance and services.

GRADUATE COURSES

EDUC 580 GRADUATE SEMINAR
III:3 Discussion periods in which faculty and students explore significant issues through the examination and analysis of research and appropriate literature in the area of education. One quarter basis; maximum, three.

EDUC 581 ELEMENTARY SCHOOL CURRICULUM
A study of the elementary school curriculum, including objectives, essentials of a good program, varying curricular patterns and appraisal of current practices.

EDUC 585 SECONDARY SCHOOL CURRICULUM
Over-all view of the secondary school curriculum, with emphasis on the various subject fields, organization of the school for curriculum development, educational objectives, the courses of study, evaluation of the secondary school curriculum.

EDUC 522 PHILOSOPHY OF EDUCATION
A study of the basic philosophies and development of educational thinking resulting in the formulation of aims and objectives of education for today's schools.

EDUC 526 EDUCATION IN THE TWENTIETH CENTURY
Introduction to a student course conversant with significant problems, issues, trends and protocols affecting the theory and practice of education today.

EDUC 526 SCHOOL FINANCE
A course designed for administrators, emphasizing origins and disbursement of school funds.

EDUC 527 SCHOOL PLANT PLANNING AND CONSTRUCTION
A survey of how to plan and build schools, including the involvement of the lay citizen. Selection of site, trends in design, function of buildings and plant, costs and obligations will be studied.

EDUC 534 CORRECTIVE READING
Analysis, correction and prevention of reading problems are studied along with refinement of group and informal testing. Supervised practice with pupils having mild disabilities in reading. Prerequisite: EDUC 501; corequisite: EDUC 506.

EDUC 539 SUPERVISION
For principals, classroom teachers or those planning to be supervisors. Identifies duties of both teacher and supervision, and suggests methods for the improvement of teachers in service through a comprehensive supervision program.

EDUC 541 ADMINISTRATION OF THE ELEMENTARY SCHOOL
Organization, supervision and administration of elementary schools.

EDUC 550 SCHOOL LAW
Utilizing the case study method, this course is designed to acquaint the student with the legal basis for public and private school operations in the United States.

EDUC 551 ADMINISTRATION OF THE SECONDARY SCHOOL
Problems and procedures in the organization and administration of secondary schools.

EDUC 556 CURRICULUM PLANNING
The relation of curricular materials to educational outcomes in terms of personal and social values. A brief review of curriculum investigations and their significance in the selection and evaluation of school materials and activities. Current practices in curriculum revision.

EDUC 558 SCHOOL ACTIVITIES
Designed to acquaint the student with a range of the school activities program; to define the purpose of such activities; to provide him with the valid basis for evaluating existing or proposed activities; and to provide opportunity for intensive study of one activity.

EDUC 560 ADMINISTRATIVE PRACTICUM
Professional laboratory experience for candidates for an administrative credential. The course is designed to involve each candidate in a variety of practical administrative experience and to assist him in achieving a successful induction into school leadership. By permission of the department chairman.

EDUC 561 METHODS OF RESEARCH
Procedures in the selection and evaluation of research projects and techniques in the analysis of research data.

EDUC 567 COMPARATIVE EDUCATION
A comparison of systems and philosophies of education in various parts of the world with emphasis on the role of cultural impacts.

EDUC 575 READINGS IN EDUCATION
Advanced study certified to topic areas where the student can demonstrate a considerable degree of expertise due to previous formal studies or experience. To be done under the guidance and direction of a faculty member. The student will engage in an analysis of current literature. Written and/or oral reports will be required. By permission of the department chairman.

EDUC 581 PROJECT
Selected areas of advanced study involving reading and research. Formal report required. Prerequisite: consent of department chairman and graduate standing. Two, four or six hours any quarter; maximum, six.

EDUC 590 THESIS

COURSES IN SPECIAL EDUCATION

SPED 532 ISSUES AND TRENDS IN SPECIAL EDUCATION
A study of current literature and legislation pertaining to special education and models for the delivery of these services.

SPED 533 ASSESSMENT OF EXCEPTIONAL STUDENTS
Examination and administration of assessment measures for exceptional students. Prerequisite: PSYC 431.

SPED 537 INSTRUCTION OF EXCEPTIONAL CHILDREN
Development and implementation of individualized instructional programs.

SPED 538 COUNSELING EXCEPTIONAL STUDENTS
Discussion and practice of counseling techniques with parents and students regarding academic, behavioral and vocational concerns.

SPED 578 FIELD WORK AND TEACHING IN SPECIAL EDUCATION

EDUCATION AND PSYCHOLOGY

EDUC 478 ELEMENTARY MICROTEACHING
A teaching laboratory to prepare elementary teachers in skills necessary to effective teaching. Students present brief demonstrations to a small class of children. Self-evaluation is supplemented by a valuation of supervisors, practicing teachers and peers, along with video recordings. Prerequisite: Admission into Phase II and two method courses.

EDUC 479 SECONDARY MICROTEACHING
Teaching procedures which are applicable at any level are considered. Laboratory practices in certain teaching skills will be provided following the microteaching model. The class will meet one night each week and each student will participate weekly in an afternoon teaching laboratory. Prerequisite: Admission into Phase II and one methods course in the student's major or minor area of study.

EDUC 492 EDUCATION OF THE GIFTED
Introduction to the design of learning opportunities for gifted children in the light of their psychological characteristics.

EDUC 493 SYSTEMS OF THOUGHT
Intensive study of various aspects of philosophical thinking and their bearing upon education. Emphasizes current writing in education.

EDUC 495 ELEMENTARY SCHOOL GUIDANCE
Study of the rationale for elementary school guidance with emphasis upon current research and issues. Focuses on the tools and techniques of both classroom and out-of-class guidance and related services.

GRADUATE COURSES

EDUC 500 GRADUATE SEMINAR
Discussions periods in which faculty and students explore significant issues through the examination and analysis of research and appropriate literature in the area of education. One quarter hour; maximum, three.

EDUC 501 ELEMENTARY SCHOOL CURRICULUM
A study of the elementary school curriculum, including objectives, essentials of a good program, varying curriculum patterns and appraisal of current practices.

EDUC 502 SECONDARY SCHOOL CURRICULUM
Over-all review of the secondary school curriculum, with emphasis on the various subject fields; organization of the school for curriculum development; educational objectives; the courses of study; evaluation of the secondary school curriculum.

EDUC 522 PHILOSOPHY OF EDUCATION
A study of the basic philosophies and development of educational thinking resulting in the formulation of aims and objectives of education for today's schools.

EDUC 523 EDUCATION IN THE TWENTIETH CENTURY
Intended to help a student become conversant with significant problems, issues, trends and problems affecting the theory and practice of education today.

EDUC 525 SCHOOL FINANCE
A course designed for administrators, emphasizing origins and disbursement of school funds.

EDUC 527 SCHOOL PLANT PLANNING AND CONSTRUCTION
A survey of how to plan and build schools, including the involvement of the lay citizen. Selection of site, trends in design, function of buildings and plant, costs and obligations will be stressed.

EDUC 530 CORRECTIVE READING
Analysis, correction and prevention of reading problems are studied along with refinement of group and informal testing. Supervised practices with pupils having mild disabilities in reading. Prerequisite: EDUC 302, co-requisite: EDUC 366.

EDUC 539 SUPERVISION
For principals, classroom teachers or those planning to be supervisors. Identifies duties of both teacher and supervision, and suggests methods for the improvement of teachers in service through a comprehensive supervision program.

EDUC 540 ADMINISTRATION OF THE ELEMENTARY SCHOOL
Organization, supervision and administration of elementary schools.

EDUC 551 SCHOOL LAW
Utilizing the case study method, this course is designed to acquaint the student with the legal basis for public and parochial school operations in the United States.

EDUC 552 ADMINISTRATION OF THE SECONDARY SCHOOL
Problems and procedures in the organization and administration of secondary schools.

EDUC 556 CURRICULUM PLANNING
The relation of curricular materials to educational outcomes in terms of personal and social values. A brief review of curriculum investigations and their significance in the selection and evaluation of school materials and activities. Current practices in curriculum revision.

EDUC 558 SCHOOL ACTIVITIES
Designed to acquaint the student with a range of school activities programs; to define the purpose of such activities; to provide him with the valid basis for evaluating existing or proposed activities; and to provide opportunity for intensive study of one activity.

EDUC 560 ADMINISTRATIVE PRACTICUM
Professional laboratory experience for candidates for an administrative credential. The course is designed to involve each candidate in a variety of practical administrative experience and to assist him in successful induction into school leadership. By permission of the department chairman.

EDUC 561 METHODS OF RESEARCH
Procedures in the selection and evaluation of research projects and techniques in the analysis of research data.

EDUC 567 COMPARATIVE EDUCATION
A comparison of systems and philosophies of education in various parts of the world; emphasis on the role of cultural impacts.

EDUC 575 READINGS IN EDUCATION
Advanced study centered in topic areas where the student can demonstrate a considerable degree of expertise due to previous formal studies and/or experience. To be done under the guidance and direction of a faculty member. The student will engage in an analysis of current literature. Written and/or oral reports will be required. By permission of the department chairman.

EDUC 581 PROFESSIONAL PROJECT
Selected areas of advanced study involving reading and research. Formal report required. Prerequisite: consent of department chairman and graduate standing. Two, four or six hours any quarter; maximum, six.

EDUC 599 THESIS

EDUCATION AND PSYCHOLOGY

COURSES IN SPECIAL EDUCATION

SPED 533 ISSUES AND TRENDS IN SPECIAL EDUCATION
A study of current literature and legislation pertaining to special education and models for the delivery of these services.

SPED 534 ASSESSMENT OF EXCEPTIONAL STUDENTS
Examination and administration of assessment measures for exceptional students. Prerequisite: PSYC 431.

SPED 537 INSTRUCTION OF EXCEPTIONAL CHILDREN
Development and implementation of individualized instructional programs.

SPED 538 COUNSELING EXCEPTIONAL STUDENTS
Discussion and practice of counseling techniques with parents and students regarding academic, behavioral and vocational concerns.

SPED 578 FIELD WORK AND TEACHING IN SPECIAL EDUCATION
EDUCATION AND PSYCHOLOGY

COURSES IN PSYCHOLOGY

PSYC 130 ELEMENTARY STATISTICS
Introduction to fundamental procedures for summarizing and interpreting quantitative data from tests and research in the social sciences.

PSYC 360 SMALL GROUP PROCEDURES
Study of small group process by the use of simulations, confrontation techniques and role playing. Especially useful for teachers, ministers, nurses and social workers.

PSYC 375 EXPERIMENTAL PROBLEMS
Advanced study of experimental design with application to an individual research project. Prerequisite: PSYC 350 or equivalent.

PSYC 400 TOPICS IN PSYCHOLOGY
The study of advanced topics through class activities. One to three hours per quarter.

PSYC 401 PSYCHOLOGY OF ORGANIZATIONAL CHANGE
Exploration of the characteristics of social organizations, their structure and systems of communication with particular emphasis on the problems of bringing about change within social organizations (i.e., churches, communities, schools, business, etc.).

PSYC 410 BEHAVIOR MODIFICATION
Study of the principles and processes of learning with special emphasis on the shaping and changing of human behavior.

PSYC 415 DYNAMICS OF BEHAVIOR
Introduction to the dynamic mechanisms of human adjustment and behavior.

PSYC 420 INTRODUCTION TO CLINICAL PSYCHOLOGY
Introduction to the application of psychological theories and techniques as used in the clinical setting. Surveys various approaches to treatment of emotional problems in clinical practice, hospital and community settings.

PSYC 425 PSYCHOLOGY AND RELIGION
Examination of psychological concepts and human behavior from a biblical and theological perspective.

PSYC 430 PSYCHOLOGICAL TESTING
Study of the principles of test selection, administration and interpretation; consideration of the contributions and limitations of the major types of standardized tests and inventories used in the behavioral sciences.

PSYC 431 PSYCHOLOGY OF EXCEPTIONAL CHILDREN
Study of the characteristics and problems of exceptional children; consideration of essential educational adaptation.

PSYC 442 MOTIVATION
Study of basic drives and causes of behavior in organisms with emphasis upon human behavior.

PSYC 444 SOCIAL PSYCHOLOGY
Study of the dynamics of social interaction and interpersonal behavior with application to contemporary society.

PSYC 445 SOCIAL PSYCHOLOGY LABORATORY
Corequisite: PSYC 444.

PSYC 446 PSYCHOLOGY OF PERSONALITY
Study of theories concerning personality development, assessment and adjustment.

PSYC 449 MENTAL HEALTH
Study of physiological and psychological factors related to emotional maturity; individual mental health, classroom climate, patterns of acceptance and rejection.

PSYC 452 PSYCHOLOGY OF CHILDHOOD AND ADOLESCENCE
Analysis of psychological development from infancy through adolescence.

PSYC 460 CHILDHOOD LEARNING DISORDERS
Introduction to play therapy and psychosocial programs with emphasis on perceptual, sensory and motor areas. Designed for teachers and counselors of young children in both early childhood and elementary school levels. Prerequisite: PSYC 432.

PSYC 464 COUNSELING RELATIONSHIPS
Introduction to psychology of theory and skills essential for developing effective helping relationships with sub-human groups.

PSYC 489 VOCATIONAL DEVELOPMENT THEORY
Study of theories of vocational choice and methods of studying occupations and occupational information as they relate to educational and vocational guidance.

PSYC 490 ABNORMAL PSYCHOLOGY
Study of behavioral disturbances, therapeutic treatment and theories.

PSYC 498 ANALYSIS OF PSYCHOLOGICAL EXPERIMENTS
Experience in the analysis of psychological research.

GRADUATE COURSES

PSYC 501 STATISTICS IN RESEARCH
An introduction to sampling theory, probability and statistical inference as applied to research analysis and hypothesis testing. Includes multiple regression techniques and selected distribution free tests or significance. Prerequisite: PSYC 350 or equivalent.

PSYC 515 COUNSELING THEORIES AND TECHNIQUES
A study and application of the theories and techniques for counseling. Professional relationships and ethics are considered.

PSYC 518 GROUP COUNSELING
Theories and techniques of counseling in group situations. Prerequisite: PSYC 515.

PSYC 521 PSYCHOLOGY OF LEARNING
The physiological and psychological bases for functional learning are discussed, and the experimental evidence supporting psychological hypotheses is reviewed.

PSYC 522 INDIVIDUAL TESTING— INTELLIGENCE
Supervised experience in the administration, interpretation and writing of psychological tests. Several intelligence tests will be reviewed. Major emphasis, however, will center on Binet and Wechsler Intelligence Scales. Prerequisite: PSYC 450 and permission of the instructor.

PSYC 534 ASSESSMENT OF THE INDIVIDUAL
Methods applicable to comprehensive assessment for describing behavior. Experience in the collection and analysis of data will be provided. Prerequisite: PSYC 552.

PSYC 563 FIELD EXPERIENCE
Designed to provide a broad spectrum of experience in actual field settings under supervised direction. Permission of the instructor required.

PSYC 566 PRACTICUM IN COUNSELING
Professional experience in the counseling function. Prerequisites: PSYC 515, PSYC 534 and permission of the instructor.
### EDUCATION AND PSYCHOLOGY

#### COURSES IN PSYCHOLOGY

**PSYC 130** **ELEMENTARY STATISTICS**  
Introduction to fundamental procedures for summarizing and interpreting quantitative data from tests and research in the social sciences.  
Prerequisite: PSYC 350 or equivalent.

**PSYC 360** **SMALL GROUP PROCEDURES**  
Study of small group process by the use of simulations, confrontation techniques and role playing. Especially useful for teachers, ministers, nurses and social workers.

**PSYC 375** **EXPERIMENTAL PROBLEMS**  
Advanced study of experimental design with application to an individual research project. Prerequisite: PSYC 350 or equivalent.

**400 TOPICS IN PSYCHOLOGY**  
The study of advanced topics through class activities. One to three hours per quarter.

**PSYC 401** **PSYCHOLOGY OF ORGANIZATIONAL CHANGE**  
Exploration of the characteristics of social organizations, their structure and systems of communication with particular emphasis on the problems of bringing about change within social organizations (i.e., churches, communities, schools, businesses, etc.).

**PSYC 410** **BEHAVIOR MODIFICATION**  
Study of the principles and processes of learning with special emphasis on the shaping and changing of human behavior.

**PSYC 415** **DYNAMICS OF BEHAVIOR**  
Introduction to the dynamic mechanisms of human adjustment and behavior.

**PSYC 420** **INTRODUCTION TO CLINICAL PSYCHOLOGY**  
Introduction to the application of psychological theories and techniques as used in the clinical setting. Surveys various approaches to treatment of emotional problems in clinical practice, hospital and community settings.

**PSYC 425** **PSYCHOLOGY AND RELIGION**  
Examinations of psychological concepts and human behavior from a biblical and theological perspective.

**PSYC 430** **PSYCHOLOGICAL TESTING**  
Study of the principles of test selection, administration and interpretation; consideration of the contributions and limitation of the major types of standardized tests and inventories used in the behavioral sciences.

**PSYC 440** **PSYCHOLOGY OF EXCEPTIONAL CHILDREN**  
Study of the characteristics and problems of exceptional children; consideration of special educational adaptation.

**PSYC 441** **PSYCHOLOGY OF SOCIAL PSYCHOLOGY**  
Study of the dynamics of social interaction and interpersonal behavior with application to contemporary society.

**PSYC 445** **SOCIAL PSYCHOLOGY LABORATORY**  
Coquisite: PSYC 444.

**PSYC 446** **PSYCHOLOGY OF PERSONALITY**  
Study of theories concerning personality development, assessment and adjustment.

**PSYC 449** **MENTAL HEALTH**  
Study of physiological and psychological factors related to emotional maturity; individual mental health, classroom climate, patterns of acceptance and rejection.

**PSYC 452** **PSYCHOLOGY OF CHILDHOOD AND ADOLESCENCE**  
Analysis of psychological development from infancy through adolescence.

### PSYC 460 **CHILDHOOD LEARNING DISORDERS**  
Introduction to play therapy and psychosocial programs with emphasis on perceptual, sensory and motor areas. Designed for teachers and counselors of young children in both early childhood and elementary school levels. Prerequisite: PSYC 422.

**PSYC 464** **COUNSELING RELATIONSHIPS**  
Introduction to psychological theory and skills essential for developing effective helping relationships with sub-irchnals.

**PSYC 489** **VOCATIONAL DEVELOPMENT THEORY**  
Study of theories of vocational choice and methods of studying occupations and occupational information as they relate to educational and vocational guidance.

**PSYC 490** **ABNORMAL PSYCHOLOGY**  
Study of behavioral disturbances, therapeutic measures and theories.

**PSYC 495** **ANALYSIS OF PSYCHOLOGICAL EXPERIMENTS**  
Experience in the analysis of psychological research.

### GRADUATE COURSES

**PSYC 501** **STATISTICS IN RESEARCH**  
An introduction to sampling theory, probability and statistical inference as applied to research analysis and hypothesis testing. Includes simple multivariate techniques and selected distribution free tests of significance. Prerequisite: PSYC 350 or equivalent.

**PSYC 512** **COUNSELING THEORIES AND TECHNIQUES**  
A study and application of the theories and techniques for counseling. Professional relationships and ethics are considered.

**PSYC 518** **GROUP COUNSELING**  
Theories and techniques of counseling in group situations. Prerequisite: PSYC 513.

**PSYC 521** **PSYCHOLOGY OF LEARNING**  
The physiological and psychological bases for functional learning are discussed, and the experimental evidence supporting psychological hypotheses is reviewed.

**PSYC 522** **INDIVIDUAL TESTING—INTELLIGENCE**  
Supervised experience in the administration, interpretation and evaluation of psychological tests. Several intelligence tests will be reviewed. Major emphasis, however, will center on Binet and Wechsler Intelligence Scales. Prerequisite: PSYC 450 and permission of the instructor.

**PSYC 534** **ASSESSMENT OF THE INDIVIDUAL**  
Methods applicable to comprehensive assessment for describing behavior. Experience in the collection and analysis of data will be provided. Prerequisite: PSYC 532.

**PSYC 565** **FIELD EXPERIENCE**  
Designed to provide a broad spectrum of experience in actual field settings under supervised direction. Permission of the instructor required.

**PSYC 566** **PRACTICUM IN COUNSELING**  
Professional experience in the counseling function. Prerequisites: PSYC 513, PSYC 534 and permission of the instructor.
SUPPORTING COURSES

Selected courses are available, with advisement, from the following departments: Art, Biology, Business, Chemistry, Communications, English, Health, Physical and Recreational Education, History, Home Economics, Library Science, Mathematics, Modern Languages, Music, Office Administration, Physics, Sociology and Social Work.

See the undergraduate bulletin for course descriptions and prerequisites.

SUPPORTING COURSES

Selected courses are available, with advisement, from the following departments: Art, Biology, Business, Chemistry, Communications, English, Health, Physical and Recreational Education, History, Home Economics, Library Science, Mathematics, Modern Languages, Music, Office Administration, Physics, Sociology and Social Work.

See the undergraduate bulletin for course descriptions and prerequisites.

ART

ART 364, 365, 366 SCULPTURE 3, 2, 2
ART 480 TOPICS IN ART 1-3
The study of advanced topics through class activities. One to three hours per quarter.
ART 479 INDEPENDENT STUDY IN ART 1-3; 6
One to three hours any quarter; maximum, six.

BIOLICAL SCIENCES (See pages 25-29)

BUSINESS

480 TOPICS IN BUSINESS 1,3
The study of advanced topics through class activities. One to three hours per quarter.
ACCT 431 ADVANCED ACCOUNTING 4
ACCT 412 CPA REVIEW 4
ACCT 425 ACCOUNTING THEORY 4
ACCT 427 FUND ACCOUNTING 4
ACCT 430 AUDITING CONCEPTS 3
ACCT 431 AUDITING PRACTICES 3
BUED 474 WORKSHOP IN BUSINESS EDUCATION 2
BUED 477 INDEPENDENT STUDY IN BUSINESS 1-3, 6
Permission from the chairman of the department required. One to three hours per quarter; maximum, six.
BUED 491 PRINCIPLES OF BUSINESS EDUCATION 2
BUED 496 SEMINAR IN BUSINESS EDUCATION 2
ECON 440 MONEY AND BANKING 4
ECON 443 COMPARATIVE ECONOMICS SYSTEMS 4
ECON 445 ECONOMICS OF FOREIGN TRADE 4
FINA 451 INVESTMENTS 4
FINA 453 CREDIT ADMINISTRATION 4
FINA 455 PUBLIC FINANCE 4
MGMT 375 SUPERVISION 2
MGMT 379 JOB ANALYSIS 2
MGMT 475 HEALTH CARE ORGANIZATION AND MANAGEMENT 2
MGMT 476 HUMAN RELATIONS IN MANAGEMENT 4
MGMT 478 DENOMINATIONAL POLICY 2
MGMT 479 BUSINESS POLICIES 2
MKTG 481 PUBLIC RELATIONS 4

SUPPORTING COURSES

MKTG 483 PURCHASING 4
MKTG 485 RETAIL STORE OPERATION AND MANAGEMENT 4

CHEMISTRY

CHEM 251, 352, 353 PHYSICAL CHEMISTRY 4, 4, 4
CHEM 480 TOPICS IN CHEMISTRY 1-3
CHEM 427, 428 ADVANCED ORGANIC CHEMISTRY 7, 2
CHEM 431 BIOCHEMISTRY 4
CHEM 461, 462 ADVANCED ANALYTICAL CHEMISTRY 3, 3
CHEM 477 INDEPENDENT STUDY IN CHEMISTRY 1-3, 6

COMMUNICATIONS

SPCH 480 TOPICS IN COMMUNICATION 1,3
SPCH 481 INTRODUCTION TO GENERAL SEMANTICS 2
SPCH 483 PERSUASIVE SPEAKING 3
SPCH 485 RHETORIC AND PUBLIC ADDRESS 3
SPCH 472 METHODS OF TEACHING SPEECH COMMUNICATION 3
SPCH 477 INDEPENDENT STUDY IN SPEECH 1-3, 6

SPEECH PATHOLOGY AND AUDIOLOGY

SPPA 320 AUDIOMETRY II 3
SPPA 357 STUTTERING: THEORIES AND THERAPIES 3
SPPA 461 DIAGNOSIS IN SPEECH-LANGUAGE PATHOLOGY 3
SPPA 473 CLEFT PALATE SPEECH 3
SPPA 475 VOICE DISORDERS 3

JOURNALISM

JOUR 480 TOPICS IN JOURNALISM 1-3
JOUR 482 SCRIPT WRITING 3
JOUR 477 INDEPENDENT STUDY IN JOURNALISM 1-3, 6

ENGLISH

ENGL 354 ROMANTIC ENGLISH LITERATURE 4
ENGL 355 VICTORIAN LITERATURE 4
ENGL 356 TWENTIETH-CENTURY ENGLISH LITERATURE 4
ENGL 364 ROMANTIC AMERICAN LITERATURE 4
ENGL 365 AMERICAN REALISM AND NATURALISM 4
