Civil Engineering Internship

T-O Engineers is seeking motivated college students interested in the opportunity to secure a summer internship in our Spokane office. Your role as a T-O intern will include working with project managers and our project and staff engineers, experiencing what it takes to be a part of a great engineering team. The Spokane intern will primarily be in the office supporting project design in AutoCAD/drafting.

Position Requirements:

- Current College Junior/Senior student studying Civil Engineering
- Computer skills including experience with AutoCAD Civil 3D and/or Microstation.
- Self-motivated, team-oriented with a willingness to learn

Apply for this intern position at [https://theapplicantmanager.com/careers?co=t7](https://theapplicantmanager.com/careers?co=t7) or by sending your cover letter and resume to sromero@to-engineers.com. Please specify interest in the Spokane position.
