FIRE SAFETY DISCLOSURE & EVACUATION INFORMATION

Fire Extinguishers

Fire extinguishers are available to all residents in Village Housing. Please make yourself aware of where the closest fire extinguisher is located in case of emergency.

Apartment Communities
Fire extinguishers are located outside.

Houses
Fire extinguishers are located inside (at least one per floor in multi-unit houses).

Smoke Detectors

All University residences are equipped with smoke detectors, many of which operate using batteries as a primary or back-up source of power. Residents are required to maintain their fire/smoke detectors in working order. If a smoke detector does not operate when tested, replace the battery. If the unit still does not operate, the resident must promptly submit a work order at workorder.wallawalla.edu for the repair of the unit.

HOW TO USE A FIRE EXTINGUISHER

P A S S

Pull the pin in the handle
Aim the nozzle at the base of the fire
Squeeze the lever slowly
Sweep from side to side

Fire Sprinkler Systems

Fire sprinkler systems are installed in all Mountain View Apartments and at 112 W Whitman Dr (units 1, 2, & 3).

Emergency Notification Plan

Walla Walla University maintains an Emergency/Incident Management Plan (EMP) that contains provisions to provide immediate emergency response and evacuation in an emergency situation. In the event of an immediate threat to the health and safety of students or employees, the WWU Administration may, in due condition of the prevailing circumstances, follow aspects of the EMP notification procedures.

The EMP is also used to implement WWU’s emergency notification systems. These systems include text and voice messaging services, building evacuation alarms, and an all campus shelter siren.

Emergency Relocation Plan

In the event of an emergency where relocation is necessary, residents will be moved to the residence halls.

Emergency Evacuation Assembly Areas

Apartment Communities
Each apartment community has an evacuation assembly area. Please see the evacuation map for details.

Houses
Residents are responsible for creating their own evacuation plan in case of emergency.

Smoking Policy

Smoking on university premises, including WWU-owned off-campus housing, parking areas, sidewalks, and alleys is not allowed.

Life-Threatening Emergencies/Fire

Evacuation area map

- **Mountain View Apartments**
The assembly area is north of all the units toward the community garden.

- **Birch Street Apartments**
The assembly area is east of all units on the center of the Birch Street sidewalk.

- **Hallmark Apartments**
The assembly for all three Hallmark units is in the lawn between the College Avenue and Ash Street units, east of the covered parking garages.

- **Faculty Court Apartments**
The assembly area is northeast of the apartments in the gravel parking area behind the apartments—near Birch Street apartments.

- **University Studios Apartments**
The assembly area is west of the apartments in the grassy area across from the guest rooms.
